Girl-Watching Scoffed

Motorbike Riding Gains Converts Here As New, Lighter Machines Hit Market

(More and more people are having fun riding lightweight bikes. In the Lemon Grove-Spring Valley area the sport is growing rapidly. Riders from both communities utilize an uninhabited area near Monterey Heights for practice and thrill riding. We assigned a retired engineer-writer, Vern Mathews of Lemon Grove, to do this study. The editor)

by Vern Mathews

It's a sleepy, quiet valley until the bikes come. Then suddenly it looks like home base for a bunch of quick, one-passenger rolled coasters all darting in different directions, and sounds like a sackful of snarling kittens.

Some bike riders call it The Flats. Others say it's just a place for fun on motorbikes and are surprised to be asked its name. They have a point, too. It would be just as exciting, maybe even more fitting, if they called it Fun Hills or Happy Gulch.

But with or without a name there's this big, uninhabited place, less than five minutes' drive from the corner of Broadway and Imperial in Lemon Grove. It's a cyclist's smorgasbord of hillclimbs, flat courses, trails and off-road riding. Week-ends seem the popular time to go there and dozens of young riders — a very few not so young — show up for the action.

Most of the bikes have small engines, 100 c.c. or less. There are 16 2/3 cubic centimeters in one cubic inch (Smart-alec —Editor). As a yardstick, the 450 inch engine in the family car is about 65 times as big.

Some of the bikes look as new and shiny as Christmas presents, while others, well-worn, clearly have been over the road and back again. But new or old, big or little, each belongs to an enthusiastic owner.

Steep Hills

Looking down the hillclimb from the top for the first time is a surprise. It's so steep certainly nothing on wheels can climb it. This thought goes quickly as a seventeen-year-old comes tearing up the hill on a scrambler and shoots it over the crest with the front wheel momentarily airborne. He turns and stops, and in a few minutes there are eight or ten bikes cavorting around on the plateau at the top of the climb.

A San Diego State College student is riding a little 50 c.c. job. He has a Ducati at home — a larger bike — awaiting repairs. He plans on an engineering degree and a professional connection with the motorbike industry after graduation.

A man, his wife and teen son arrive on three machines. The wife seems mildly annoyed that her son has taken over hers and left her with his, the oldest and smallest of the lot. She and her husband, she explains, got the big new ones for themselves for Christmas.

Beginners, Too

On the valley floor a father and son are loading a minibike into a station wagon. It's a try-out period for the boy who's still far too young for a driver's license. If the boy can prove himself on the minibike under Dad's watchful eye, he'll get a larger bike along with his license when he's old enough.

Two cute girls slowly motor by on a two-wheeler that makes little more sound than an electric sewing machine. They draw scarcely a glance. The place is for bikes, not girl-watching.

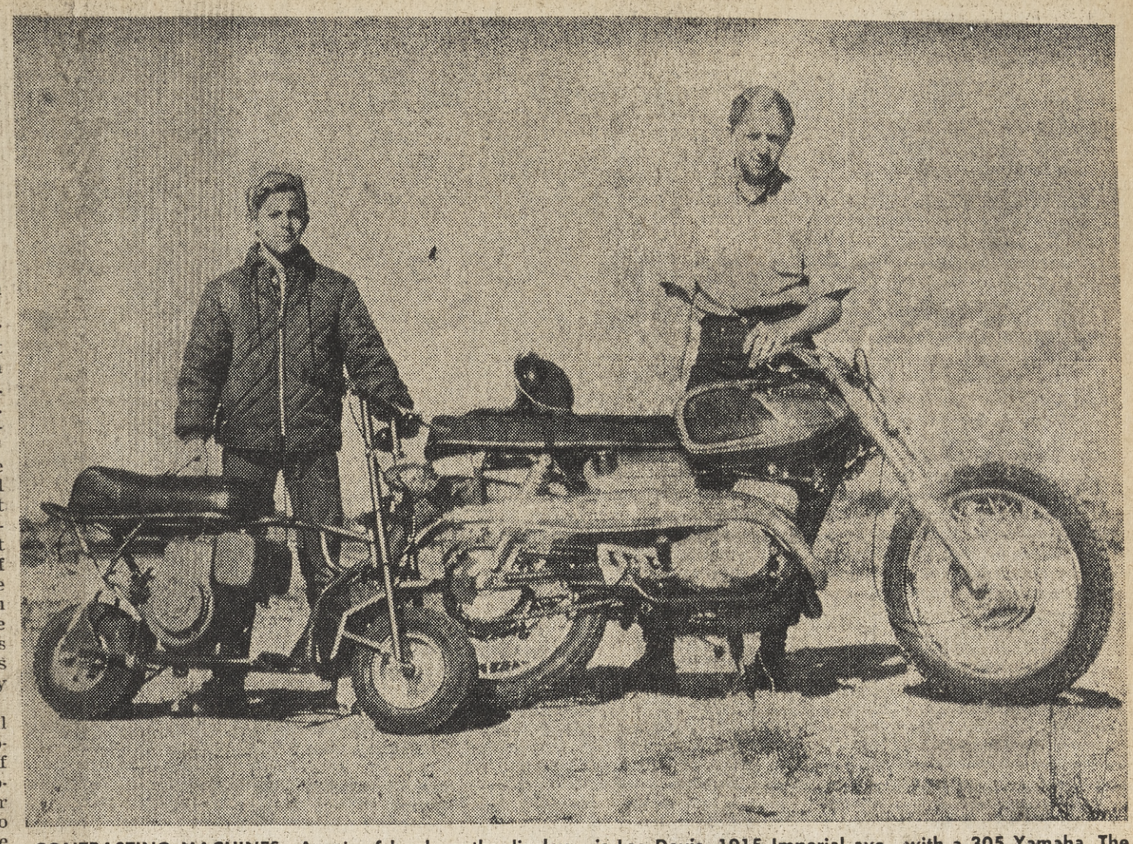
A deputy sheriff near the area remembers no official complaints being lodged about the activity. One nearby homeowner says the noise doesn't bother her at all. Another, half a block farther away, says the big bikes make too much noise. None come at night, he says, although he remembers one time when some big bikes did and had to be stopped by the law.

The law, of course, still uses the domestic big-twin motorcycles. The local district of the CHP reports about one motorcycle in use for every four cars. The City of San Diego averages about one for three for traffic work.

Insurance Cheaper

Designed and built for total-

(Continued on Page 8)



CONTRASTING MACHINES: A pair of local youths display two of the many different types of motorbikes which cruise over the hills near the Monterey Heights area. At left, is Jim Juhl, 7451 Jamacha, with a mini-bike. At right, is Lee Davis, 1915 Imperial ave., with a 305 Yamaha. The mini-bike is the smallest made, while the Yamaha ranges in size between intermediate and large.

LEMON GROVE REVIEW

The DIMMER VIEW

by Max Goodwin

The Running of Our Schools

The turmoil besetting the nation's campuses has highlighted a serious question: who runs our schools?

Various minorities claim this privilege, some of them have done so quite racously.

Now, one of those minorities, the state's teacher trade union, has declared its militant purpose, according to the Calif. Feature Service.

Through its new president, Raoul Teilhet, the AFL-CIO Teachers Union has announced a drive to give teachers the dominant voice in education. They want to "run the schools" and let "the administrators just make the decisions" according to CFS.

The immediate goal is to win collective bargaining rights for the union teachers, with the threat of strikes — even though they are illegal in California — as a bludgeon.

Another goal is to establish the principle that inadequate grades be banned, on the grounds of "the deprivation of educational opportunity should not be used for punitive purposes."

The union claims that students are subject to criminal and civil sanctions and any violence should be handled on that basis.

This hardly squares with the militant opposition to police interference in campus demonstrations and riots, with its cries of "police brutality," points out AFS.

The grades-only justification for expulsion further reveals the let-the-inmates-run-the-institution philosophy that is being peddled so ardently these days.

Fortunately for California's young people and parents, the vast majority of the state's teachers are dedicated to the minds whose stewardship they have been given.

Through their professional organization, the California Teachers Association, they seek in an orderly and mature way the constant improvement of education in its truest sense. Including, of course, the practical factors of employment and working conditions which are recognized as essential to high professional standards.

The Atom as a Peaceful Agent

A blast from a little two-pound charge of plain, old dynamite could have wiped out some of the best American nuclear fission brainpower Friday when a clutch of atomic energy bigwigs appeared together on a platform at San Onofre to help dedicate the nation's newest, and one of our biggest nuclear electric generating plants.

How ironic it would have been — atomic blast scientists exploded in a puff of TNT — but it didn't happen. Not only did that not happen, but so far as we can ascertain, nothing untowards happened — unless you count the malfunction of an imitation witch that was supposed to activate an imitation gauge that was to show how much energy was being generated as the generator was being dedicated.

It was when the Honorable Representative Chet Holified, vice chairman of the Joint Committee on Atomic Energy, closed his dedication remarks and grabbed the switch to punctuate his speech of high praise. The switch moved by the pointer on the dial of the gauge stayed at zero.

A handful of San Diego Gas and Electric functionaries rushed to the platform and one of them hammered on the dial. It moved to 450,000 kilowatts and the audience of 400 cheered. But it was not necessary to hammer on anything else that day. Everything else worked fine. SDG&E's San Onofre's plant is grinding out its 450,000k on schedule — enough power to supply a city of 500,000.

James Ramey, commissioner, U.S. Atom Energy Commission, and Dr. Glenn T. Seaborg, chairman of U.S. AEC surrounded Rep. Hosmer as he threw the switch and the ceremony was completed.

Dr. Seaborg is often called the daddy of atomic energy. What he had to say that day was meaningful.

He reminded that San Onofre will use about 3/4 of a ton of three percent uranium pellets a year. That much coal wouldn't even heat the plant's boiler.

He pointed out that the atom is a clean source of energy. Not only are there no smog producing agents as a result, no radioactive material will pollute the air, land or the sea as a result of the plant.

As appealing as that is, Los Angeles will soon upstage us, he said. Construction there will soon start on a plant that will produce 1,800,000 k of electricity while distilling 150 million gallons of ocean water for home and industrial use. The cost of the water will be commensurate with present water costs, he said.

Hospital Brass Bans Cigarette Machines

Acting on a recommendation by the executive committee, Grosmont Hospital Directors have voted to remove cigarette vending machines from public view in an attempt to improve the hospital's image.

The move, passed by a 3-1 vote with Homer Streich against the measure, does not mean the removal of the vending machines from the hospital. It just means the moving of the machines from public view into the cafeteria and near employe time clock stations.

Voting in favor of the cigarette censoring measure were directors Forace Boyd, Dr. William T. Soldmann, Jr., and Hazen Streit.

Soldmann backed his vote by stating that he had received contacts from both smokers and non-smokers who believed the cigarette vending machine should be removed from public site.

Streich added that he had not had any such contacts and stated he opposed any type of legislation which would try to stop anyone from smoking.

In other action by the Board of Directors, Soldmann proposed that a $10 surcharge be levied on patients admitted to the hopsital who do not live within the hospital district. The move, apparently, came as an aftermath to the refusal of voters to pass the recent $8 million construction bond.

The need for expansion of the present hospital facilities was stressed at the recent meeting, with Hospital Administrator Leverett Bristol indicating he believes a bigger turnout at another bond election would bring about passage.

Vision, Hearing Clinics Planned For Grove, Valley

The Valley Grove Council, California Congress of Parents and Teachers, in co-operation with the California Department of Public Health will hold free preschool vision and hearing clinics during January.

The clinics are conducted for screening children ages three through five years in order to give parents the opportunity of correcting visual or hearing defects, that may be detected, before the children enter school. Permanent damage may result if these defects are not caught early.

Screening centers will be in operation from 9:30 a.m. to 12 noon at each of the dates and locations, which are: January 12, Lemon Grove Methodist Church, 3205 Washington st., Lemon Grove; January 19, Wesleyan Methodist Skyline Church, 1345 Skyline dr., Lemon Grove; January 26, Evangelical United Brethren Church, 9400 Campo rd., Spring Valley.

College Engineering Program Expands; Many Classes Open

Grossmont College has expanded its electronics and engineering technology programs with the addition of several courses scheduled to be offered in the evening during the spring semester.

Grossmont College's Technical-Vocational Department will institute a complete evening technical program. Technical courses that will be offered in the evening during the spring semester include Electronics 51B, Fundamentals of Electronics; Electronics 53, Solid State Pulse and Switching Circuits; Electronics 55, Introduction to Digital Computer Operation; Electronics 57, Introduction to Communications Electronics; Mathematics 51B, Technical Mathematics; English 80, Technical Writing; and Engineering 52, Manufacturing Materials and Processes.

Several engineering specialists will join the evening faculty at Grossmont College for the spring semester. They will teach courses in their specialty, bringing with them the knowledge and experience gained from their employment in industry.

In addition to the new evening courses, a special course in basic electronics will be offered at 3 p.m. each afternoon, Monday through Friday.

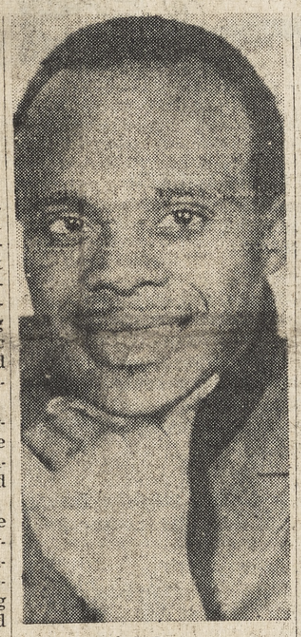
These courses are offered to residents of the greater San Diego area. Prospective students of the Grossmont Junior College District should contact the Admissions Office at the college for additional information.

Soroptimist Group Offers Scholarship

The Lemon Grove Soroptimist Club is again offering its Citizenship Award to a senior student of Mt. Miguel, Helix or Monte Vista High School.

Although the local award is for $50 this entitles the winner of the local award to be a participant in the National Contest. This scholarship is for $2500 and is not based solely on grades but citizenship and leadership qualities.

Students interested in this award should contact their counselors in their respective high schools.



"Speedy" Duncan

Arthritis Show At Civic Center Saturday Night

Mrs. Richard L. Newell, 1511 San Altos pl., Lemon Grove, will be the local ticket chairman for the Arthritis Clinic Benefit this Saturday sponsored by the San Diego Alumni Chapter of Alpha Omicron Pi, International Sorority.

The benefit will be held and the San Diego Civic Theatre at 8 p.m. and will feature Bruce Cloud, Leslie "Speedy" Duncan, The number 1 local teenage band, the Titans, the "Miss Pin-Up Revue", and many others.

Net proceeds from the benefit will be used to enlarge and equip the Arthritis Clinic at County University Hospital, to expand the clinic program to other areas of San Diego county, and to support arthritis research at the clinic.

Tickets are on sale from Mrs. Newell, other Alpha Omicron Pi members, the Community Concourse, Metro Ticket Agencies, and the Arthritis Foundation Office, 3537 Fourth ave., San Diego.

Cancer Claims Al Burke; Fathered Little League Here

Alfred I. Burke, the man who is credited with being the father of Little League, Pony League and Pop Warner locally, died Wednesday morning in Navy Hospital of cancer.

He had been ill only a few weeks. He was 53 years of age. He was born in Snohomish, Wash.

Burke, who lived at 2451 Buena Vista, in Lemon Grove, was a supervising custodian for the San Diego City School District. He retired from the Navy as a Chief Warrant Officer in 1963.

He served in the U.S. Army for 3 years, the Navy Submarine Service for 17 years, and the Fleet Reserve for 10 years.

He is credited with having pioneered Little League activity in Lemon Grove in 1958. He developed Pony League and Pop Warner activity a couple of years later. He was West Coast commissioner for Pop Warner. He was serving his second term as president of the L.G. Little League Assn. at the time of his death.

Recently he engineered a move by which the Lemon Grove Little League was able to purchase a 7-acre site from the Lemon Grove School District. The school board approved the sale in December and the property, near Monterey Heights School, is presently in escrow.

Al Burke — Mr. Little League

Members of the Little League have designated the property as the Al Burke Recreation Center and have set up an Al Burke Memorial Fund. Contributions in Burke's name are asked in lieu of other expenditures that may be attendant his funeral services. These contributions should be made in the name of the Fund and sent to the home of D. Weeks, 8024 Longdale dr., or J. Simmons, 7277 Mt. Vernon, both of Lemon Grove.

Art Berry, operator of the town's sporting equipment store was a co-worker with Burke on sports projects. "The community lost a terrific guy. All he cared for was the kids. He worked all day every day and half the night on kids projects," Berry said.

Burke is survived by his wife Mary, four sons: Kenneth, Ronald, Timothy, and Patrick. He is also survived by a brother in Colorado.

Rosary will be said tonight at 7:45 at St. John of the Cross Church in Lemon Grove. Mass will be held at St. John's Friday at 8:20 a.m. He will lie in state from noon Thursday until 7 p.m. at Greenwood. Interment will be at Holy Cross Cemetery.

Grossmont Adult Education System To Offer Residents Many Courses

The Department of Adult Education of the Grossmont Union High School District has announced that the Spring Semester of classes at 14 locations will begin January 22 and run through May 31.

Three of the 14 locations for classes will be in the Lemon Grove-Spring Valley area, with both Helix and Mt. Miguel Highs offering classes, as well as the Lemon Grove V.F.W. Hall.

Helix High, 7323 University ave., La Mesa, will offer a number of courses ranging from American Government to Woodshop. Classes will be held every night from Monday through Thursday, with counseling services available at the school's office from 6 p.m. to 9 p.m.

Mt. Miguel High, 1800 Sweetwater rd., Spring Valley, will offer 30 different classes for interested students, with classes being held each Monday through Thursday. Counseling services at Mt. Miguel are available from 1 p.m. to 4 p.m. and from 6:30 p.m. to 9:30 p.m.

The Lemon Grove V.F.W. Hall, 2885 Imperial ave., will offer five courses in Clothing, as well as one in Gardening and another in Needlecraft. The clothing classes are designated for women only.

A cross-section of the classes offered at Helix and Mt. Miguel include Arts and Craft, Childbirth Education, Driver Education, Photography, Mathematics, Psychology, Russian, Spanish, Stock Market, Auto Mechanics, Biology, English, Human Relations in Supervision, Salesmanship, Office Machines, Typewriting, and many others.

Classes are open to high school graduates and other adults who are 18 years of age or over, and who believe that they can profit by further study. Enrollment can be taken care of in the classroom, with some pre-registration necessary for certain classes.

District Social Security Manager Cites Increased Payments for Area Residents

According to Sumio Oto, El Cajon Social Security District Manager, the changes in the social security law signed by President Johnson on January 2 will mean a benefit increase of at least 13 percent in the social security checks of about 28,000 men, women, and children in the El Cajon service area. The El Cajon service area includes Lemon Grove and Spring Valley.

The Social Security Administration's high speed electronic computers are figuring the increases for all 23,700,000 social security beneficiaries around the country and will finish the task in time to include the increases in the checks delivered early in March.

Beneficiaries need not take any action to get the increase. It will be sent to them automatically.

Residents of the El Cajon service area can expect the first increased check on Saturday, March 2, one day earlier than the usual third of the month delivery of social security benefit checks. Under a recent arrangement with the Treasury Department and the Post Office, social security checks are delivered a day early instead of a day late when the third of the month falls on a Sunday or holiday.

Some social security beneficiaries will receive more than a 13 percent increase. The minimum benefit for workers retiring at 65 is increased from $44 to $55.

The average benefit payable to a retired worker, about $86, will be raised to $98, an increase of $12 a month. The average couple's benefit, now $145, will go up to $165; and the average aged widow's benefit will rise $11, from the current average of $75 to $86.

The last increase in social security benefits amounted to seven percent, and was effective January 1965.

(Continued on Page 4)

Mexican Missionary Children Enjoy Big Day at St. Philip's Episcopal Church

Over 60 Mexican children were welcomed by St. Philip's Episcopal Church, Palm and Hardy, Lemon Grove, last Saturday during the Second Annual Epiphany Festival.

The children and staff of St. Philip's church school entertained children and young people from Mision de Encino, Tecate, Mexico, with the traditional Feast of Lights pageant; the ceremony of the burning of the Christmas trees; a dinner, and a visitation from Santa Claus.

The Vicar, Reverend R. Johnson, indicated that more than 60 children made the trip from Tecate and about 150 people enjoyed the festivities.

The children arrived by cars driven by church members at about 12 noon. After viewing the pageant put on by the children of the church, everyone proceeded outside to view the supervised burning of the Christmas trees by church members.

Each St. Philip's child then selceted a Mexican child to accompany them to dinner in the Sunday school classrooms. Food for the dinner was prepared and served by women members of the congregation.

Following the dinner, a new article of clothing and a gift were presented to each child from the Tecate Mission. These gifts were also provided by members of the Lemon Grove congregation.

According to Mrs. James Minchinton, general chairman of the day and Directors of the Church School, the program was sponsored by the school as it's annual project, but that assistance came from every member of the congregation.

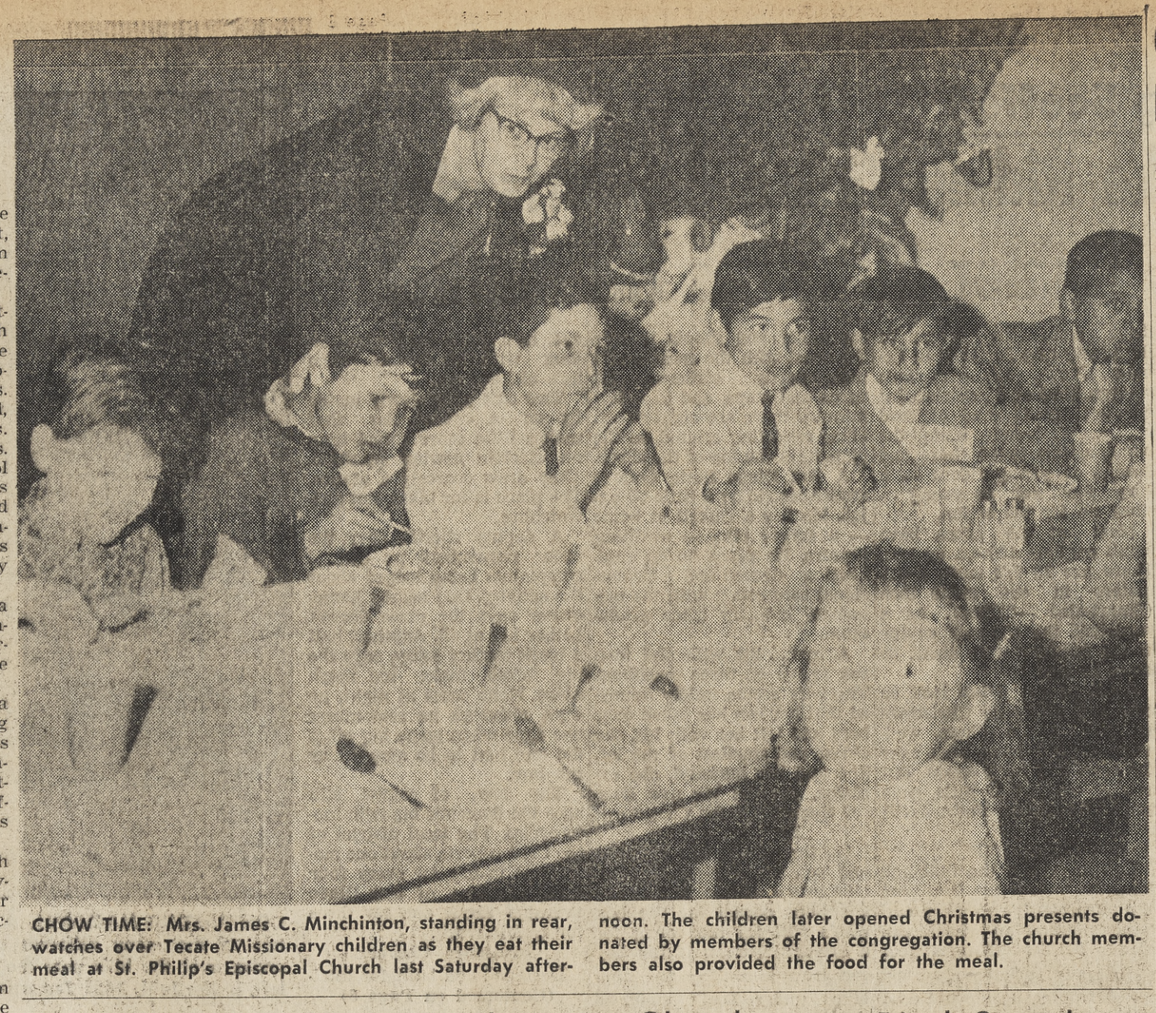
Mrs. Minchinton was assisted by Mrs. Ernest Varga, with the following women in charge of various aspects of the program: transportation, Mrs. Kenneth E. Bowers; food, Mrs. James Tate and Mrs. Robert Hawley; gifts, Mrs. Donald R. Hess, Mrs. Carol Godfrey and Mrs. Charles Budd; Christmas trees and decorations, Mrs. Robert Sanders; entertainment, Miss Rhonda Henderson and many other young people.

Mrs. Minchinton, also a member of the Bishop's Committee, kept the activities organized through most of the day.

"The hardest thing about a project such as this, is keeping everything as organized as possible," explained Mr. Minchinton. "Getting things started is a difficult chore , but after that the day usually runs smoothly."

"It was a complete church effort," she appraised. "Everyone in the church did their share to make the day a success."

Although 600 miles from Greece and nearer Turkey, the island of Cypress is predominately Greek. Eighty percent of the citizens are Greeks.



CHOW TIME: Mrs. James C. Minchinton, standing in rear, watches over Tecate Missionary children as they eat their meal at St. Philip's Episcopal Church last Saturday afternoon. The children later opened Christmas presents donated by members of the congregation. The church members also provided the food for the meal.

Dog days begin the latter part of July and run through the first week in September.

Churches Plan Festival Week

Churches of various denominations are getting set to participate in "Bible and Hymn Festival" time January 14-21, led by Pastor M. S. Egge of the St. Andrew's Lutheran Church in San Diego. The Bible and Hymn Festival Week is being sponsored by the American Bible Society; San Diego County Council of Churches; the San Diego Ministerial Association; and the Oceanside-Carlsbad Ministerial Association.

The week of activities will have four features and emphases: The first, 200,000 scripture packets will be shared with the people of San Diego County through what has been identified as "Impact."

The second feature of the week will be in Oceanside at the First Methodist Church under the title of "An Event with the Bible." The Oceanside meeting will begin with a dinner at 6:30 p.m. and Dr. Dean S. Collins, Executive Secretary, Western and Pacific Region, American Bible Society, will speak on the subject, "Good News for Modern Man."

The third feature will begin at 7:30 a.m. at the Park Boulevard Methodist Church with a breakfast that will be followed with an address by William S. LaSor, Professor of Old Testament at the Fuller Theological Seminary, Pasadena.

The fourth feature will be identified as "Hymn Festival" and will begin Sunday afternoon, January 21, at 3:30 p.m. at the San Diego Civic Theatre in the Community Concourse.

Licensed To Wed

SAN DIEGO (CNA) — Marriage licenses were issued recently to the following couples:

Ralph Litzmann, 27, San Diego, and Evelyn Thompson, 24, Spring Valley;

Michael Barta, 19, U.S. Navy, and Mary Acosta, 19, Spring Valley;

McKean Carmichael, 25, Ft. Lauderdale, and Laurel Hoye, 23, Spring Valley;

Charles Smith, 49, Lemon Grove, and Margaret Bratten, 45, San Diego;

Kenneth Hadley, 25, and Betty Smolk, 37, both Lemon Grove;

Robert Brassch, 25, and Susan Titus, 25, both Lemon Grove;

Danny Neighbors, 21, U.S. Navy, and Sharon Johnston, 16, Spring Valley;

Oscar Hanson, 54, La Mesa, and Ruth Jeffers, 42, Spring Valley, and

Glen Christopher, 26, San Diego, and Judith Jiron, 23, Lemon Grove.

Area Births

Births for the Lemon Grove-Spring Valley area for the week of January 1 through January 7 have been released by the Grossmont Hospital staff. They were:

Jan. 2, to Mr. and Mrs. Donald Riddle, Spring Valley, a girl, 7 lbs., 6 oz.; and to Mr. and Mrs. James Hoscher, Lemon Grove, a girl, 7 lbs., 5 oz.

Jan. 3, to Mr. and Mrs. James Danielson, Lemon Grove, a girl, 7 lbs., 12 oz.; and to Mr. and Mrs. Robert Vouaux, Spring Valley, a girl, 7 lbs., 7 oz.

Jan. 4, to Mr. and Mrs. Anthony Juszak, Spring Valley, a boy, 9 lbs., 0 oz.; and to Mr. and Mrs. George Shafer, Lemon Grove, a boy, 7 lbs., 0 oz.

Jan. 5, to Mr. and Mrs. Terry Griffin, Lemon Grove, a girl, 7 lbs., 3 oz.

Jan. 6, to Mr. and Mrs. Thomas Browning, Lemon Grove, a girl, 7 lbs., 4 oz.

Jan. 7, to Mr. and Mrs. Richard Hobson, Lemon Grove, a boy, 6 lbs., 10 oz.

Dance Class Opens

The Calico Twirlers Square Dance Club started it's intermediate class last Tuesday at the Lemon Grove Women's Club, 2810 Main st. The class will last three weeks.

Circle 1 (Joan Wheeler), Tuesday, Jan. 16 at 9:30 a.m. at the church; Circle 2 (Dorothy Kipp), Tuesday, Jan. 23, at 9:30 a.m. at the Kipp home, 3416 Trophy dr., Brookside (La Mesa); Circle 3 (Pat Palmore), Tuesday, Jan. 16 at 9:30 a.m . at the Palmore home, 4856 Edgeview dr., El Cajon; Circle 4 (Shirley MacEachen), Tuesday, Jan. 16 at 12 noon, at MacEachen home, 4980 Radlett dr., La Mesa; and Circle 5 (Elisa Mitchell), Tuesday, Jan. 23, at 7:30 p.m. at the Mitchell home, 3313 Cristobal way, Spring Valley.

Annual Meeting

The annual meeting of members of Trinity Presbyterian Church is scheduled for this Sunday. The congregational dinner will be at 5:30 p.m. At 7 p.m. the annual meeting will get under way, with reports, election of officers and the adoption of the budget. An interesting program has also been planned.

Calendar

Thursday, Jan. 11. Chancel choir at 7:30 p.m.

Sunday, Jan. 14. Worship at 8:30 and 11 a.m.; Church School at 9:30 and 11 a.m.; Congregational dinner at 5:30 p.m.; anual meeting at 7.

Monday, Jan. 15. Sr. Highs board in the p.m.

Tuesday, Jan. 16. Circles 1, 3 and 4 meet; Boy Scouts and Session meetings at 7:30 p.m.

Wednesday, Jan. 17. Sr. Hi Comm. at Breedlove's in p.m.; Youth choir at 6:30 p.m.

Lilley Services Held

Funeral services for Benjamin E. Lilley, 67, of 8679 Troy st., Spring Valley, were held Jan. 8 at Paris Mortuary, El Cajon, with burial in El Cajon Cemetery. He died Jan. 3 in a hospital.

A native of Colorado, Lilley had lived in San Diego County 27 years. He had been a tool and die maker and had been employed by an aircraft company for ten years. His widow, Ruby, survives.

First Baptist Men to Elect 1968 Officers

The Men's Fellowship group of the First Baptist Church of Spring Valley, will have its monthly dinner-meeting, Tuesday, Jan. 16, at 6:30 p.m. Main order of business will be the annual election of officers.

"The Greatest Battle of All Times," will be Rev. Robert Millspaugh's text at the Sunday worship hour at 11 a.m. At the 7 p.m. service he will be speaking on, "The Blessings of a New Heart," Part Two.

On Thursday, Jan. 18 at 8 a.m., Susie Wingate, who with her twin sister, Sandy attends BIOLA, will give a testimony over the "BIOLA Hour" radio program from Los Angeles. The girls, graduates of Mt. Miguel High School, are daughters of Mr. and Mrs. Charles Wingate of 3138 Central, Spring Valley.

Friends Quarterly Meeting Saturday

The Spring Valley Friends Community Church, announces that on Saturday, the quarterly meeting of Friends Churches for the San Diego and Imperial Counties, will be held at the Ramano church, beginning at 9:30 a.m. Luncheon will be at noon and worship at 1:15 p.m.

There will be two speakers: Paul Lewis, Campus Crusader Coordinator of San Diego; and Bobby Green, an inspirational soloist and recording artist.

Sandberg Rites Held

Funeral services for William Sandberg, 79, of 7882 North ave., Lemon Grove, were held Jan. 4 at Conrad Lemon Grove Mortuary, with burial in Greenwood Memorial Park. He died Dec. 29 at his home.

A native of Colorado, Sandberg had lived in San Diego County 21 years. He had been a division sales manager for a business machines company and had owned a Lemon Grove cafe. He was a member of the San Diego Elks Lodge and had been affiliated with Elks since 1910.

He is survived by a sister, Mrs. Arna Stevens of Oakland, Calif.

Election of Officers Slated For Church Women Meeting

The annual meeting of Church Women United in the Heartland area will be held tomorrow at St. Andrew's Episcopal Church, La Mesa, at 10 a.m. Election of officers will be held.

Dr. Robert M. Homiston, member of the faculty of the U. S. International University, will be the speaker. He will talk on "Preparation for Change." He is presently working in the field of development.

This is the first meeting of the combined membership of the Homeland and Foothills Councils, following a recent decision to merge the two groups. The Foothills Council began Nov. 7, 1949, as the La Mesa Council, and in 1955 the name was changed to Foothills. The Homeland Council was formed Sept. 23, 1959. Some eight churches of Lemon Grove, Spring Valley area have been involved in the work of that council. Mrs. K. C. Lint is area chairman.

Plans are being made for the observance of the great internationally held World Day of Prayer, which falls on the first Friday in Lent, this year on March 1.

"Sacrament" Lesson

"Sacrament" is the subject of the Bible lesson this week as Communion Sunday is observed in all Christian Science churches.

The Golden Text is from I Peter: "As every man hath received the gift, even so minister the same one to another, as good stewards of the manifold grace of God."

Grove Women Plan Events

The Lemon Grove Woman's Club will hold their first meeting of the new year tomorrow at the clubhouse, 2810 Main st., at 1:30 p.m. Mrs. D. D. Lairsey will be tea chairman and will be assisted by Mmes. G. W. Schicketanz, James Sharp and Earl Flora.

Mrs. Robert E. L. Ball, vice president and program chairman, will introduce a speaker from the Sheriffs Department who will talk about 'Bunco Artists at Work'.

Plans for the new year include a 'Luncheon is Served' lunch on January 31, a rummage sale in February, and a Junior-Senior Board Meeting.

Nominating Invitations Mailed By Laurels Banquet Committee

The Sixth Annual Laurels Banquet Committee has this week mailed invitations to service clubs, civic organizations, education associations and school faculties, asking them to nominate those men and women who have been outstanding in their contributions to public education in the greater Heartland elementary and secondary school districts.

The only limitations described in the criteria for nomination is that the person named not be an employee of a school district, and must be a resident of an East San Diego County community.

The teachers' associations and the Foothills Parent-Teachers' Associations are mindful that it is the citizens within the communities who have made their schools effective through their consistent efforts to improve and expand every phase of the educational program. The Laurels Award is the expressed appreciation of these two sponsoring groups who comprise the Laurels Banquet Committee.

The Laurels Selections Committee will elect five or six persons, from the nominations submitted, to receive recognition and the "Lamp of Learnza district president and Bernard McNulty, CFWC, Jr. Mem. Federation Developing" plaque, symbolic of learning and leadership, at the laurels Award Banquet, Tuesday, March 12.

One hundred and forty-two citizens, representing each community east of San Diego, have been nominated for the award during the past five years. Thirty of those nominated have received the Laurels Award. Last year, of the 26 men and women nominated, six recipients were honored; Mrs. Sylvia Ainsley and Mrs. Evelyn Browne of El Cajon; Mrs. Ruth Burkhardt, Lakeside; Mr. George Clark and Mrs. Rosemary Putnam, Lemon Grove; and Mrs. Lucille Irwin of Spring Valley.

All of those nominated by the March 1 deadline are invited to attend the Sixth Annual Laurels Awards Banquet, when the final choices will be announced.

Mrs. M. I. Metzger, El Cajon, is chairman of the Invitations Committee for Laurels, assisted by Mrs. Leonard Ruth, Mrs. Leo Ness, Mrs. Ronald Duncan, Mrs. R. J. Collette, Mrs. Donald Beebe, and Mrs. D. Hunsaker.

La Mesa Women To Meet Tonight

The January meeting of the Evening Belles section of the La Mesa Woman's Club will be held tonight at 7:30 p.m. at the Clubhouse, 5220 Wilson ave.

Mrs. Lee Shiperd, chairman of the meeting, will preside. Mrs. Carl Quicksall will give a review of current plays, on and off Broadway.

Special guest will be Danny Alvary, Mesa College student, who will be accompanied by Mr. B. B. Johnze, counselor for the State Department of Vocational Rehabilitation

Society Page

Mildred Miller Guest Artist Of Grossmont Concert Group

Mildred Miller Mezzo-Soprano will be the second artist to appear in the Grossmont Community Concert series. The concert will be held Wednesday evening, January 17, at 8:15 p.m. in the Grossmont High School Auditorium.

From the very outset of her exciting musical career, Mildred Miller, beautiful and gifted star of the Metropolitan, San Francisco and Vienna State Operas, has been one of America's most attractive and sought-after artists. In May, 1965, she sang "Carmen" in California, an event reported by the major west coast critics. The San Francisco Chronicle hailed her as "The Best Carmen Ever" and went to declare that "Miss Miller was the best all-round Carmen we have ever had hearabouts, and we have had them all." Miss Miller is now acknowledged as the leading exponent of this difficult and demanding role.

Mr. Bing, the Metropolitan's general manager, herd Miss Miller's "Carmen" in Europe and was so impressed that he immediately offered her a contract. She was obliged to decline this offer because of her numerous European commitments, but the following year, Miss Miller returned to the United States and her brilliant Metropolitan debut was made.

Miss Miller is popular as a Concert Artist and as a lieder singer. She has also made some glorious recordings, some with the late Brunom Walter.

Dance Class Opens

An Intermediate Square Dance Class sponsored by the Calico Twirlers Square Dance Club will begin next Tuesday at the Lemon Grove Womens Club, 2810 Main st., Lemon Grove, from 8 to 10 p.m. with Lee McCormack instructing.

This class will be open for three weeks. For information call 295-1648 after 6 p.m.

Grove Women Represented At Federation Conference

The Saturday morning conference of the San Diego District, California Federation of Womens Clubs, Jr. Membership, will be called to order at 9:45 a.m. by president, Mrs. Wallace Sneathen, at the Hanalei Hotel. The morning business session will include election of district nominating committee, endorsements for state officers to be voted upon, and reports by district officers and chairmen.

The 12:30 p.m. luncheon will honor Mrs. Philip Allin, president, SFWC, Junior Membership. Mrs. Allin will speak to the clubwomen following the luncheon.

Also attending as guests will be Mmes. Raymond Prell, Area D vice president; Arthur Korn, Orange district president; Douglas Brown, De Anment chairman. Mrs. McNulty is a member of the Lemon Grove Juniors.

Other members of Lemon Grove Juniors attending will include Mmes. William Jackson, San Diego District's recording secretary; Emmet Phares, Southern District coordinator; J. L. Bowers, president; Mervin Christian, James Hixon, Oliver Hughes, Allen Weckerly, Robert Samson, Deiter Vongehr, James Tilaro, William Godfrey and Frank Barber, coordinator.

Del Cerro Junior Woman's Club, under the direction of Mrs. Robert Hinshaw, president, is in charge of decorations following a Hawaiian theme and the Lake Murray Junior Woman's Club, Mrs. James Slingsby, president, are handling registrations. In keeping with the island theme, all the Juniors and guests attending have been urged to wear Hawaiian attire.

CONCERT PIONEERS: Four women who played leading roles in the formation of the Women's Committee of the Grossmont Concert Community Association congratulate each other on the upcoming 10th anniversary of the group. Shaking hands are, left, Mrs. Joseph Del Nero of Spring Valley, current president of the group, and right, Mrs. Henrietta Harrelson, original organizer of the women's committee. In center, holding an autoharp, are the first Lemon Grove Chapter members, Mrs. Juanita Close, left, and Mrs. D. F. Ellis, right.

Raise Cultural Level

Lemon Grove, Spring Valley Women Active In Grossmont Community Concert Committee

A pair of Lemon Grove women will be honored as life members of Women's Committee of the Grossmont Community Concert Association at a luncheon at the Bronze Room in La Mesa next Wednesday.

Mrs. D. F. Ellis, 6641 MacArthur dr., and Mrs. Juanita Close, 7522 Central ave., were among members who organized the Lemon Grove chapter 10 years ago.

According to current president of the Women's Committee, Mrs. Joseph Del Nero of Spring Valley, there are now between 90 and 100 members from the Lemon Grove-Spring Valley area. There are currently 400 members in the entire association which includes five community groups — Lemon Grove, La Mesa, Mt. Helix, El Cajon, and Del Gardens.

The charter members to be honored at the luncheon, including the two Lemon Grove members, will be presented with a lyre mounted on a walnut base. A huge birthday cake will also don the luncheon table.

"The Grossmont Concert Association was formed in 1945," stated Mrs. Henrietta Harrelson, one of the original founders of the organization.

"The main goal of the group at its' conception was to raise the cultural level of the community," explained Mrs. Harrelson. "One of our first projects, and one that is still being worked upon, is the construction of an auditorium at Grossmont College."

"We realized, right from the beginning, that in order for the Grossmont Concert Association to achieve the goals set down by it's members, we would need an auditorium for the community."

"The completion of the goal is coming within sight now," added Mrs. Harrelson, "as the stage portion of the structure has been completed at the college, and state funds are scheduled to be appropriated within a year."

The Grossmont Community Concert group and its' women's committee have embarked on many other fund-raising and culture-raising activities, including scholarships, the sponsorship of a youth orchestra, and the Euturpe Chorus, made up of women in the association.

"We sponsor anything that goes along the artistic line," explained Mrs. Del Nero. "We also encourage the payment of talent and a respect for the arts."

"We don't limit ourselves to the music segment of the art world," she added. "We are interested in the advancement of all the arts, including painting, sculpturing, poetry, and many others."

"One of our most important projects is the sponsorship of local artists," said Mrs. Del Nero. "Top local artists have been supported by our group through our arts and crafts show."

"We also encourage interested people to contribute to scholarships and fund-raising drives which improve the cultural level of the community," she added. Among those contributing and participating in the group are many Spring Valley residents.

"The Lemon Grove Chapter of the Women's Committee includes a number of Spring Valley women," stated Mrs. Ellis. "The Lemon Grove chapter covers both the Grove and Spring Valley areas."

Mrs. Del Nero is a graduate of the Julliard School of Music in New York, considered the finest school of music in the United States. She is also a graduate of the Boston University School of Music. Locally, she is active in the activities of the Casa de Oro Elementary Parent Teachers Association.

Mrs. Close, the second Lemon Grove women to be honored at the banquet, has a son, Duane, who is a biology teacher at Mt. Miguel High in Spring Valley.

Following the banquet Wednesday, the Grossmont Community Concert Association will hold the Second Annual Beaux Arts Ball, March 16 at the Hotel Del Coronado. Members of the group and their friends are invited to attend the formal function.

Foothills Council Luncheon Wednesday

Foothills Secondary Council, California Congress of Parents and Teachers, will hold a Founder's Day Luncheon next Wednesday at Santee Methodist Church, 8964 Magnolia ave., Santee.

Preceeding the luncheon, at 10:30 a.m. there will be workshops for Inside and Outside Publicity, Health and Welfare, Founders Day, and Honorary Life area chairmen of the Grossmont High School District.

The Grossmont College Mixed Ensemble, under the direction of Carroll Reed, will perform a varied musical program. Past presidents and life members will be honored guests at the event and Mrs. H. L. Knottingham will present two new honorary life memberships.

Rebekah Lodge To Meet Wed.

Mesa Jewel Rebekah Lodge No. 409, Independent Order of Odd Fellows, will hold their meeting next Wednesday evening at 7:30 p.m. at the La Mesa Womans Club House, 5220 Wilson ave., with the newly installed officers presiding. Mrs. Velma Hall, noble grand and vice grand, Mrs. Edna Redding will preside.

The Alter Bearers installed recently were Mrs. Christine Blackall, Mrs. Louise Tandy, Mrs. Emma Phofl and Mrs. Stella Bono.

The refreshment hour will follow, with Mrs. Levi Woodley as chairman and Mrs. Daisy and Merrill Gillespie, assisting.

A Joint Instruction to Officers, at Silver Strand Rebekah Lodge in National City, will be held with the District Deputy president, Mrs. Paul Wasco, Instructress, Wednesday evening, January 31, at 7:30 p.m. with all officers of District No. 54 attending.

There will be no meeting of the Advancement Club this month.

It takes about 11,000 quarts of milk to make a ton of cheese which would be enough to make sandwiches for 34,680 persons the Oregon Dairy Products Commission has figured out.

MISS ELIZABETH LA DAM ENGAGED: Mr. and Mrs. George W. La Dam, 2810 Massachusetts, Lemon Grove, announce the engagement of their daughter, Elizabeth Lorraine, to Allen Gregory Knutsen, son of Dr. and Mrs. Arne Knutsen, 4027 Cobalt dr., La Mesa.

Both are graduates of San Diego Academy and are juniors at Loma Linda University, Riverside.

June 9 has been set as the wedding date.

Bike Stolen in L.G.

Mrs. Shirley Hauser, 8820 Cedral pl., Lemon Grove, reported to the San Diego County Sheriffs Department the theft of her son, David's bicycle from the front yard of their home.

The theft occured Dec. 23. The bike was valued at $60.

WHAT DOES 1968 HOLD FOR YOU?

The dawn of every New Year brings hope — hope in our upward progression of life! Hope is the motive power of all effort. Hope make no stepping stones of stumbling blocks. Hope gives us confidence. Hope gives us security in our pursuit of happiness.

To hope hope, to give hope, these are two of the greatest privileges of being a doctor, of being a chiropractor!

What hope do you have for the future? Will you set a new goal for yourself? How big will you think? Will your goal by possible — will it be practical? Whether you progress in '68 will depend on how well you chart your course.

But what of your HEALTH? Are you physically capable of progressing? How alert is your mind? How steady are your nerves? How sturdy is your back? How strong is your heart?

How will you prepare for your future health? Do you know that many times chiropractic adds healthy years to life simply by restoring normal function?

Chiropractic doesn't claim to CURE anything — nor does any other healing art Cure. Nature does that job. Chiropractors have techniques to adjust, re-align and balance the distorted spine, freeing nerve pressures interfering with the flow of life energy so Nature can heal. That's how people are CURED. Your doctor sets a broken leg — and then leaves it to a GREATER POWER to heal it or cure it. The tissues knit anyway, but the limb would probably grow crooked without the help of skilled hands to properly align the fracture.

Nature — the INBORN INTELLIGENCE that created and fashioned the human body — is the only Power or Force that has any CURATIVE ABILITY — and this requires a steady, uninterrupted flow of God-given nerve energy impulses for repair to take place.

Keep this principle in mind when you face problems of sickness next year. You will find as thirty-five million other Americans have, that by keeping nerve pressures removed, it is possible to go through the year with much less illness and much more energy.

New Year's resolutions are going to be the favorite topic for conversation during the next few days.

Why not resolve to get well now? Don't carry unnecessary suffering into 1968.

You know, many people cannot find health because they cannot find enough HOPE and FAITH to get well.

Investigate the MARCY CHIROPRACTIC OFFICE where hundreds found HOPE through chiropractic and regained their health. What have you got to lose except your ill health?

Three Helix Students Nabbed for Drug Use

Three Helix High School students, two of them girls, were arrested by detectives Monday for possession and use of a drug known as "Speed" and, also, marijuana.

Under a policy adopted by the Grossmont Union High School District, all three students face expulsion. Adopted by the Board of Trustees, the drug crack-down legislation dictates expulsion for any student who uses or provides marijuana or other dangerous drugs or passes on information about the availability of the drugs. The broadened policy covers on-and-off campus violations and either at or away from school-connected activities.

The detectives seized the maijuana at the youths home. They indicated that there was enough of the drug in the home to make between 60 and 80 cigarettes.

The two girls, aged 15 and 16, were juniors in the local high, and were taken from classes yesterday morning. They were later released to their parents with referral to county Juvenile Court and Probation Department.

The boy, a senior at Helix, was arrested at his home and taken to Juvenile Hall.

Further arrests as a result of the investigation into this case were predicted by the arresting officers, detectives Edward Tomlin and Jonas Pumphrey. They made no mention of how many were involved in the investigation or when further arrests would be made.

An addictive, stimulant drug of the amphetamine type was used by the girls. State medical experts listed it in the pep pill category known as methedrine.

Helix Irrigation Dist. Water Costs Doubling

Water costs in the Helix Irrigation District have doubled and will continue to climb the directors of the local district were told last week.

General Manager Byron Miller, in a report to the directors, stated that in 1959 the cost of water in the district per acre foot was $16.21, while the 1968 cost has doubled to $33.08. By 1972, the cost is expected to climb to an estimated $43.88.

Miller made his observation for estimated and actual costs between the years of 1959 and 1972. He also indicated that only a fourth of the funds utilized to provide water for the 15,000 users in the district actually goes to the water itself.

Employe salaries and the costs of operating the district were tabbed as the leading users of the district's revenue.

Miller stated that the number of water users in the area has risen from the 1959 figure of 29,523 to the present figure of 38,970, with 41,770 expected in 1972.

Drug Speaker At San Altos

All interested persons are cordially invited to attend an informative program being presented by the San Altos PTA, tonight at 7:30 p.m. in the school cafetorium.

Sheriff's Sgt. Robert Ryan will be guest speaker. He will discuss, in detail, the problems related to the increasing use of drugs and narcotics among the youth of our community. In 1966, the Sheriff's Department reported 47 juveniles arrested on narcotic charges, while in 1967 that figure soared to 325.

The Dimmer View

(Continued from Page 1)

He was enthusiastic about the coming capabilities of large reactor complexes producing large amounts of fertilizer while generating water from the ocean for irrigation.

Reactors, currently on order, are capable of generating a million kilowatts of electricity and desalting 400 million gallons of water a day, while irrigating 200,000 acres of land, and making fertilizer for raising a scientific-cultivated grain crop that could feed 2,500,000 people at a level of 2,400 calories a day. That's science, for you!

Dr. Seaborg then struck the science-fiction field with his next utterance. He said:

"Sometime in the future, nuclear power from more advanced reactors may become so cheap, and chemical technologies so sophisticated, that almost everything will be processed in a nuclear-industrial complex.

"Perhaps the same complex will allow us economically to make use of the lower and lower grades of ores to which we may someday have to resort. Beyond this is the more hopeful possibility that we will someday have the ability to completely recycle all materials and waste products so that we will literally be living in a junkless civilization!"

Dr. Seaborg sees the production of solvents, insecticides, plastics and great supplies of much needed fertilizer coming from such complexes. Steel would be made and turn phosphates, silica, lime and salts into glass, ceramics and ceramic reinforced alloys. Great amounts of aluminum and magnesium would be produced. If such complexes are located near the seacoast, they might process, from the brine of its desalting units and raw materials pumped from the ocean floor, tons of elements such as sulfur, silver, nickel, platinum, gold, and even uranium, of which there is estimated to be about 3.3 micrograms in each liter of seawater. And vitalize its own power while doing it!

Such are the dreams of our atmoic leaders.

With such a promising future of the peaceful use of the atom, it is hard to believe that anyone would want to use the atom to destroy the people of the world.

LEMON GROVE REVIEW

Entered as 2nd Class Matter at the Post Office at Lemon Grove, Calif.

MAX GOODWIN ..... Editor and Publisher
STEVE WAPNOWSKI ..... News Editor
LLOYD CARLE ..... Advertising Manager
SUBSCRIPTION ..... $3.50 PER YEAR

Adjudicated a newspaper of general circulation in the Superior Court of the State of California in and for the County of San Diego. No. 155392

Published every Thursday at 7834 Lester Ave., in Lemon Grove, San Diego County, California 92045.

1966 CALIFORNIA NEWSPAPER PUBLISHERS ASS'N., INC.

STAMP COLLECTORS: Lemon Grove area residents kept these Post Office employees busy Monday afternoon as they came to purchase one-cent stamps to go with their five-centers. Postal rates across the nation went up to six cents, and ten cents for airmail, necessitating the rush by local patrons.

Postmaster Frenchy Faucher reminded citizens that public and postal stamp machines have not been overhauled, as yet, for the issuance of the new stamps. Any five-cent stamp purchased from a machine will need a one-center, available at the post office to go with it.

Increased Payments Coming Says Social Security Head

(Continued from Page 1)

About three out of every 10 beneficiaries receiving an increased check early in March will be someone under 65, many of them the children of working fathers who have died.

The value of social security survivors insurance is often overlooked. Social security is more than just a retirement system. But it is also income protection for the family in case of the breadwinner's death or disability.

With the increased benefit payments provided under the new amendments to the law, the face value of social security survivors insurance protection is increased to about $940 billion. This is just about equivalent to the value of all the private life insurance now in force.

Under the amended law, maximum payments to families now on the social security benefit rolls will go up from the currently payable maximum of $309.20 a month to $322.40. In the future, the maximum payable monthly to any one family can be as high as $434.40.

For more information concerning changes in the law, Oto invites interested persons to contact the El Cajon Social Security Office at 1075 E. Main st., in El Cajon. The office is open from 8:30 a.m. until 4:30 p.m., Monday through Friday, and until 7:30 p.m. on Wednesdays. The phone number is 442-0851.

Helix International Club to Begin American Field Service Campaign

The American Field Service Bond Drive, sponsored by the Helix High School International Club, will begin next Monday.

The purpose of the bond drive is to raise money to bring foreign students to live and study in the United States. Bonds will be sold at Helix during first period classes for 25 cents each.

Helix's Drive will begin with a student body assembly featuring foreign exchange students from all the Grossmont District high schools. A contest will be held between all first period classes, and between the Junior and Senior classes, to sell the most bonds. Prizes will be given to those students who sell the most bonds. Helix has also accepted a challenge from Grossmont High School to sell more bonds.

Last year Helix raised a record breaking $2,287 in their drive, which enabled Helix to sponsor three foreign exchange students this year.

"Students are urged to sell bonds outside of school to friends, relatives, neighbors, and businesses to make this year's drive at Helix as great a success as last year's, Mark Merino, Helix International Club president, said.

The bond drive at Helix will end officially on Jan. 26, but it may be held over for another week because of conflict with final exams.

The International Club will sponsor their second annual Donkey Basketball game Saturday at 7:30 p.m. in the Helix Gymnasium.

The tickets will be on sale at the door at 50 cents for children and $1 for adults. Student tickets will be 75 cents with an ASB card if bought in advance.

The Helix boys will play a regulation basketball game astride donkeys with the junior boys riding against the senior boys. The seniors won the title last year.

A guest announcer will give the play by play report of the court action.

"This should prove to be an exciting and unusual evening for everyone who attends. The proceeds will go for a worthy purpose, to finance foreign students coming to Helix next year through the A.F.S. program. All the people in the community are invited, so we are hoping for a capacity crowd," Mike Kennedy, chairman in charge of the game, said.

WATER HEADS: Harry Griffen, center, Lemon Grove's District 3 director on the Helix Irrigation District's Board of Directors, was recently re-elected to the presidency of the group. At left, is Nat. L. Eggert, tabbed for the secretary position on the Board. Bob Rundell, at right, was re-elected to back up Griffen in the vice-presidency position. Griffen has been a director since 1951 and President since 1959.

Area Residents Gain Promotion At S.D. State

San Diego State faculty members from Lemon Grove and Spring Valley have received promotions effective September 1, 1968, president Malcolm A. Love, has announced.

Dr. Ramon R. Ross, associate professor of education, will be advanced to professor of education. He resides at 7905 Lincoln, Lemon Grove.

Ross joined the college faculty in 1961. He holds a bachelor's degree from Central Washington College, a master's degree from University of Idaho, and a doctorate from University of Oregon.

He is one of 75 professors cited for promotion. San Diego State's faculty totals 1220; 730 are full time and 490 are part time members.

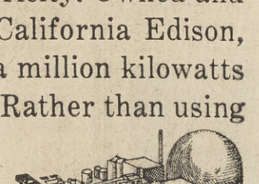
Nuclear power comes to San Diego County

On January 5, the San Onofre Nuclear Generating Station was officially dedicated, opening a new era in electric power for Southern California. It's one of the nation's largest nuclear facilities now producing electricity. Owned and operated jointly by SDG&E and Southern California Edison, this $87 million plant generates nearly half a million kilowatts of electricity . . . enough for a city of 500,000. Rather than using conventional fuels like gas and oil, our new San Onofre facility derives its power from the controlled fission of nuclear fuel. In an age when the costs of conventional fuels are rising, and the supplies diminishing, this new fuel promises a continuing abundant supply of economical electric energy to meet Southern California's surging demands.



SDG&E San Diego Gas & Electric Company

BEATING THE DEADLINE: Dr. David Pascoe, left, Associate Superintendent of the La Mesa-Spring Valley School District, and two district storekeepers prepare to deliver drug use booklets to the local post office for mailing to all district parents last Friday.
The booklet was made available to the parents without a charge. Helping Dr. Pascoe prepare the booklets for mailing are Storekeeper David Langford, center, and his assistant, Bill Sturges.

Parents in S. Valley Schools Receive Drug Problem Booklet

The drug abuse booklet, "No Secret," is now being mailed to families of children enrolled in schools of the La Mesa-Spring Valley School District.

Glenn E. Murdock, superintendent of schools, said that members of the Board of Education, recognizing that the narcotics and drugs problem can be solved only through the cooperation of the parents, the schools, the churches, and other youth agencies, felt it desirable to have a copy of the booklet placed in the hands of the parents of each child in the District.

Cost of the project was underwritten by the Parent-Teachers Association unit in each school and by the following service organizations: Kiwanis Clubs of Lake Murray, La Mesa and Spring Valley; The Lions Club of La Mesa; the Rotary Clubs of La Mesa and Spring Valley; and the Soroptimist Club of La Mesa.

Any parent who did not receive a copy may request one at any school or the District office, Murdock said.

Some PTA units have scheduled or will schedule parent meetings for further consideration of the topic.

The mailing was delivered to the La Mesa Post Office at four minutes to five last Friday — the last business day before the postal rates were raised. It took the combined effort of parents, staff members and, in some instances, children, to complete the task. Addressing of envelopes was not accomplished in some shools in December because of the pressure of Christmas activities. The cover letter was not available for stuffing until Wednesday. It was held up so that all service organizations and PTA's would receive credit for donations.

Committee Backs School Override

The Committee to Keep Good Schools in the La Mesa-Spring Valley School District will begin its campaign, backing the Feb. 6 override election in the district, with the holding of a Mailing Bee Sunday afternoon at La Mesa Elementary School.

Mrs. Dale Powell will be in charge of the Mailing Bee, which will run from 12 noon to 5 p.m.

Chairman LeRoy Knutson also announced that the committee will open campaign headquarters Monday at 10 a. m. at the old Drew Ford Motor Sales office on La Mesa blvd.

Pacific Telephone Construction To Total $31.1 Million in S.D.

Pacific Telephone expects to spend $31.1 million in San Diego County during 1968 for new construction to meet basic communications needs of this growing region. This will result in a major contribution to the growth and economy of San Diego and the State of California, William E. Quirk, Vice President and General Manager, announced.

The planned program for 1968 in San Diego County includes $1.3 million for land and buildings, $5.6 million for cables and lines, $6.0 million for new central office switching equipment, and $18.2 million for new switchboards, telephones, and other equipment.

Quirk echoed company President E. Hornsby Wasson who noted that the company's overall 1968 capital expenditure program totaling $159 million is ambitious and that "our ability to carry it out fully will be problematical unless we are able to foresee improvement in our current low earnings situation." Both Quirk and Wasson said the program is necessary if Californians are to continue to receive high quality telephone service.

A total of $71.8 million will be spent by the telephone company for new equipment and buildings in the six counties served from the San Diego Southern Counties Area headquarters. The counties in the area include San Diego, Imperial, Orange, Inyo, Riverside, and San Bernardino.

Quirk outlined some of the significant projects in San Diego County for the coming year. They included:

1. A new three-story and basement, 57,500 square foot building at 3848 7th ave., San Diego, to be completed early in 1968. This new facility will house a new 4A switching center and additional long distance facilities. The total cost involved including building and equipment is $3,891,000.

1. Construction of a new one-story, 7,650 square foot building in Rancho Bernardo. This new facility will house a new Number 5 crossbar switching center and provide for additional outside plant facility. The building is due for completion in December of 1968 and the cost involved including building and equipment is $912,000.

3. The installation of additional Number 5 crossbar equipment and other central office facilities to our Pacific Beach—Garnet Street—Office to serve this fast growing area. The total cost involved in this project is $481,000 and completion is expected in August, 1968.

"Many expansion and service improvement projects costing a total of over $28 million were completed in San Diego County in 1967," said Quirk. "For example, construction of a new one-story, 4,800 square foot building at 420 3rd st., Chula Vista, to house new switching equipment for long distance calls at a cost of $304,000. A new third floor addition at 4569 College ave. to house additional central office equipment to take care of growth in this area. The total cost involved including building and equipment was approximately $400,000.

In the San Diego Division, there are 744,400 telephones in service, an increase of 5.6% in the past year. The company operates more than 1,563,700 telephones in the Southern Counties Area.

Monterey PTA Meeting Tonight

The Monterey Heights Parents Teachers Association will hold their monthly meeting tonight at 7:30 p.m. in the school cafeteria.

The speaker will be Mike Zeglarski, an exchange student. His topic will be "Educational—Here and There".

Mr. Zaglarski will introduce three exchange students — Andy Kyriakides, Ruth Adendorf, Herdes Tryggason. The flag ceremony will be led by girl scouts of troop no. 1022, under direction of Mrs. Hubert Kingsbury, Girl Scout Leader.

The hostesses for the evening will be mothers of Rooms K-2 and Rooms 4 & 5.

Motorbikes Dominate Area Hills

(Continued from Page 1)

ly different purposes, the tiny-displacement bikes are lighter, slimmer and nearly a foot shorter than the big, powerful CHP and City machines. This gives the small bike owner one hidden advantage: at least two agencies quote liability premiums of bike insurance, which are not altogether dirt cheap, as two or three times more for large machines as for the smallest.

A lot of different bike names are seen and heard today. Yamaha, Suzuki, Honda, Bultaco, Montesa, Kawasaki, Hodaka, Bridgestone.

Well, what happend to the Indians, the Chief, the Ace and the Scout, Excelsior's famous Super-X, the Henderson Four, not to mention the earlier Thor and Flying Merkle? It's a different day. The kids have never heard of them.

It may be debateable whether these little bikes are more or less fun than a saddle horse, but they must have something. A Lemon Grove dealer reports more than 300 sales for the past twelve months.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

Does one have to learn all of the technical aspects of Spanish in order to speak it well? There is much debate over this question. It would seem logical that one could learn to use the language from a practical standpoint without knowing all the technical aspects.

We learn much of our English directly from our environment and the practical aspects are more important in the first few years than are the technical aspects. We learned by listening and repeating what words without thinking of we heard. We applied the them in technical terms. We first began to apply the words that produced the results we were seeking.

In our earlier years, when we were thirty, we might have said "water," and this would clue our parents or guardians to provide us with a glass of water. We were not concerned if the word "water" was a noun, pronoun, verb, or adverb. We were concerned only with the effect that it produced. The same approach must be applied in the first steps of learning Spanish.

PRACTICAL PHRASES
Say "Donde vive usted?" (DOHN-deh VEE-veh oo-STEHD)
for "Where do you live?"
Say "Yo vivo en San Diego." (yoh VEE-voh ehn SAHN dee-EH-goh)

OTHER PHRASES
Say "Es una ciudad grande?" (ehs oon-nah see-oo-DAHD GRAHN-deh)
for "Is it a large city?"
Say "Si, es grande." (see ehs GRAHN-deh)
for "Yes, it is large."
for "I live in San Diego."

USEFUL PHRASES
Say "Donde esta San Diego?" (DOHN-deh eh-STAH SAHN dee-EH-goh)
for "Where is San Diego?"
Say "Esta en California." (eh-STAH ehn kahl-lee-FOHR-nee-ah)
for "It is in California."

Each man, woman and child in this country now consumes an average of 500 pounds of paper a year.

SERVICE NOTES
WITH OUR ARMED FORCES

Helix High Graduate Gains Service Ribbon

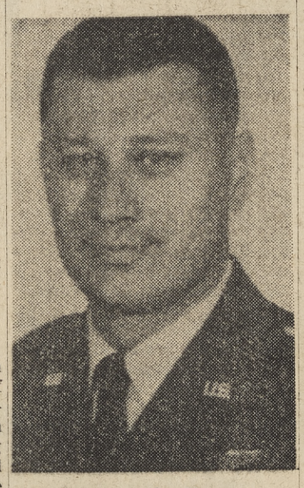
HONSHU, Japan — Captain John A. Vogt, Helix High graduate and son of Mr. and Mrs. John A. Vogt, 7050 Saranak, La Mesa, helped the third Aerospace Rescue and Recovery Group in Southeast Asia win the U. S. Air Force Outstanding Unit Award.

Captain Vogt, an HC-130 Hercules pilot, will wear a distinctive service ribbon as a permanent decoration to mark his affiliation with the air rescue unit while on temporary duty in the combat zone.

The group, an earlier recipient of the Presidential Unit Citation, won the Air Force award for six months meritorious achievement while logging 236 rescues in Southeast Asia.

Hercules command post aircraft and helicopter aircrews — whose members include some of the most decorated heroes of the Vietnam war — logged 178 "combat saves" during the period and undoubtedly prevented the rescued servicemen from capture or death by the enemy.

The 3rd, headquartered at Tan Son Nhut Air Base, was particularly cited for "adding immeasurably to the morale of combat aircrews in Southeast Asia." Unit personnel fly HH-3 Jolly Green Giant and HH-43 Huskie helicopters over North and South Vietnam, frequently under the most hazardous and dramatic of combat conditions, to evacuate U.S. and allied aircrews and ground forces to safety.



Captain John Vogt

Captain Vogt, permanently assigned at Tachikawa AB, Japan, continues to fly search and rescue for the highly-specialized and world-wide Aerospace Rescue and Recovery Service dedicated to the motto "That Others May Live."

The captain was commissioned in 1960 upon completion of the Air Force Reserve Officers Training Corps program at San Diego State College where he received his B. A. degree.

PVT. BAGLEY

FORT KNOX, KY. — Army Private John Y. Bagley, son of Mr. and Mrs. Clarence T. Bagley, 8865 Country Club pl., Spring Valley, graduated with honors from General Vehicle Repairman Class 17, U. S. Army Armor School, at Ft. Knox.

The 20-year-old soldier compiled a 92.52 average at the end of the eight week period of instruction. The course provides individual instruction in the duties and responsibilities of a General Vehicle Repairman, which covers engines, power trains and suspension of armor vehicles.

A graduate of Mount Miguel High School, he first entered the Army in July 1967 and completed his Basic Combat Training at Ft. Ord, California.

FIREMAN RADY

USS HORNET — Fireman William F. Rady, USN, son of Mr. and Mrs. William F. Rady, 2460 Hardy dr., Lemon Grove, has reported to Long Beach, Calif. for duty aboard the anti-submarine warfare aircraft carrier USS Hornet.

The ship is in a dry dock period at the U. S. Naval Shipyard following a seven-month deployment with the U. S. Seventh Fleet in the Western Pacific.

PVT. WALKER

REDSTONE ARSENAL, Ala. — Private First Class Phillip B. Walker, 20, son of Mr. and Mrs. Memory B. Walker, 2360 Cypress ave., Lemon Grove, completed a Hawk missile internal guidance and launcher electronic repair course Dec. 15 at the Army Missile and Munitions School, Redstone Arsenal, Ala.

During the 25-week course, Pvt. Walker was trained in missile electronics and shop practices as well as field maintenance of the Hawk missile launcher system.

FIREMAN JOHNSTON

USS CANBERRA — Fireman Gregory H. Johnston, USN, son of Mr. and Mrs. Alvie F. Johnston, 10136 Campo rd., Spring Valley, is serving aboard the heavy guided missile cruiser USS Canberra in the Gulf of Tonkin off the coast of North Vietnam.

Guns from the Canberra set off two secondary explosions when they fired on an enemy storage area six miles east of the Marine outpost at Gio Linh. Airborn potters reported all rounds on target. The ship then turned her guns on an active enemy artillery position five miles north-northeast of Gio Linh and destroyed one enemy gun.

Romans applied perfumed olive oil liberally to the skin after bathing.

The U.S. has more than 1,000 symphony orchestras.

LEGAL NOTICES — **LEGAL NOTICES**

NOTICE TO CONTRACTORS CALLING FOR BIDS

NOTICE IS HEREBY GIVEN that the Grossmont Union High District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the Owner, will receive up to, but not later than 2:00 o'clock p.m. of the 26th day of January, 1968, sealed bids for the award of a contract for Tennis Court Paving at Grossmont, Helix, and El Cajon Valley High Schools.

Bids shall be received in the office of the Superintendent of Owner at Hwy 80 & Murray Drive, La Mesa, California (Grossmont), mailing address P. O. Box 1043, La Mesa, Calif. 92041 and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to the contract documents, copies of which are now on file and may be obtained in the office of the Superintendent of Owner at the above address.

Each bid shall be accompanied by the security referred to in the contract documents and the list of proposed subcontractors.

The Owner reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

The Owner has determined the general prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract; which will be awarded to the successful bidder, to be as follows:

Craft, Classification, or Type	Per Diem Wage
LABORERS:	
Equipment Greaser	$39.76
Laborers, General (Bldg. & Construction)	31.24
Operators & Tenders of Pneumatic & Electric Tools, Vibrating Machines & similar mechanical tools not separately classified	32.92
Asphalt Raker, Ironer, Spreader	32.92
FOREMAN DIFFERENTIAL — $2.40 above highest paid journeyman supervised	
Machine Operator, Roller (all types & Sizes)	41.28
Concrete Mixer Operator, Mobile Mixer or Paving Type	42.08
Power Sweeper Operator	39.76
Skip Loader Operator, Wheel Type (3/4 Yard or less)	36.96
Skip Loader Operator, Wheel Type (over 1-1/2 Yds.)	42.08
Tractor Operator, Bulldozer, Scraper or Drag Type Shovel, Push Tractor, Tamper	41.28
FOREMAN DIFFERENTIAL — $2.80 above rate of highest classification supervised. Apprenticeship fund $.08 per diem	
Dump Trucks or Flat Bed Trucks	
2 — Axles	35.12
3 — Axles	35.52
3 — Axles with Semi	36.16
4 — Axles or more	37.92
Low Bed Truck & Trailer	37.92
FOREMAN DIFFERENTIAL — $2.40 above rate of highest classification supervised.	
Any classification omitted herein not less than	31.24
Cement Mason	37.84
Painter-Brush	39.76
Administrative Fund $.32 per day	
FOREMAN DIFFERENTIAL — $4.00 above rate of highest classification supervised.	

The foregoing schedule of per diem wages is based upon a working day of eight (8) hours. The rate for holiday and overtime work shall be at time and one-half.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all workmen employed by them in the execution of the contract.

No bidder may withdraw his bid for a period of Thirty (30) days after the date set for the opening of bids.

Portia B. Goode
Clerk of the Governing Board
Grossmont Union High School District, San Diego County, Cali.

Miguel Routs MV In League Debut

Mt. Miguel took an early lead and never was headed, as the Matadors coasted to an opening league victory over arch-rival Monte Vista, 73-50 Tuesday night on the Monarchs court.

Mike Ela, All-CIF candidate at forward for the Matadors tallied 21 points for the victors to lead the scoring parade. He was aided in that department by Ken Greenman and Ken Barstow, each accumulating 16 digits.

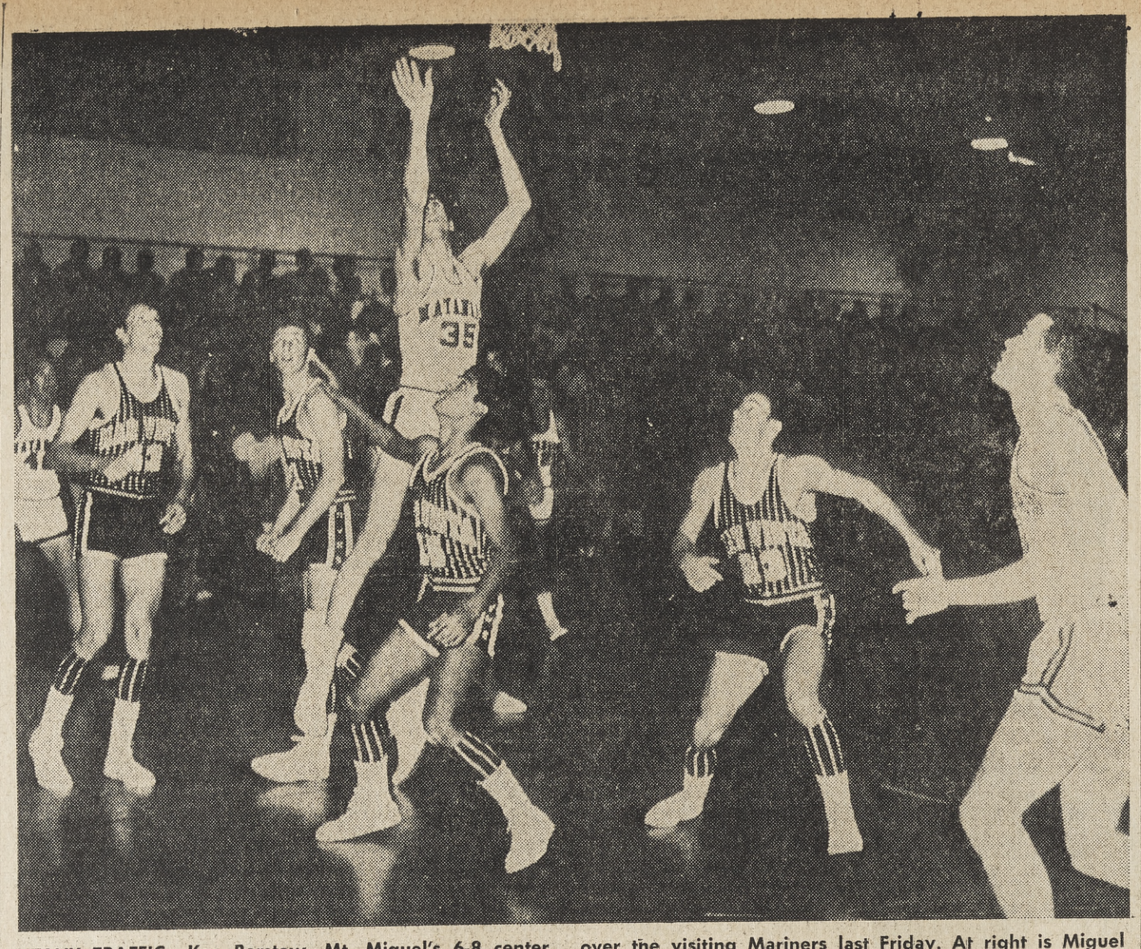
It was the fifteenth consecutive victory for the high-riding Spring Valley quintet, which returns home tomorrow night to tangle with El Capitan.

Monte Vista, coming off a recent non-league victory over Coronado, will have to face the number two-ranked team in the league tomorrow night, as the Monarchs travel to Helix High for an 8 p.m. encounter.

The victory gave the Matadors a 1-0 league record, leaving the Monte Vista five with a 0-1 Grossmont slate.

Mt. Miguel jumped off to an 18-10 first quarter advantage, but the battling Monarchs came back at the second stanza to outpoint Miguel, 16-15, and trailed by only seven at intermission. But 20 points third and fourth periods were too much for the Monarchs to match, and the Matadors won going away.

Leading the Monarchs in scoring was Jim Wescott with 14 points, while guard Roger Landis tallied 13 and forward Larry Jones added 11.



HEAVY TRAFFIC: Ken Barstow, Mt. Miguel's 6-8 center, towers above four Mar Vista opponents as he drops in another bucket in the Matador's, 104-33, lopsided win over the visiting Mariners last Friday. At right is Miguel forward Mike Ela, leading scorer in the contest.

Pole Vaulter Seagren, Miler Danielson Enter S.D. Games

Bob Seagren of USC, the world indoor record holder in the pole vault, has sent in his entry for the second annual San Diego Indoor Games, set Saturday night, Feb. 3, at the San Diego Sports Arena.

Seagren is ranked by the spike experts as perhaps the man most likely to hit the 18-foot barrier in the fiberglass event. The handsome Trojan junior is no stranger to records at San Diego.

Competing last spring in the San Diego Invitational at Balboa Stadium, Seagren set a world record of 17-7 in the vault. That mark lasted only two weeks before it was topped by his teammate Paul Wilson, who upped the record to 17-8.

Bob's world indoor record is 17-4, and that is his goal at San Diego, providing, of course, he hasn't bettered it by the time of the San Diego meet.

Seagren has more 17-foot vaults than all other vaulters put together — a total of 19. He has already been over 17 ft. in every meet he has competed this indoor season.

Last year, the only indoor meet Seagren lost was the San Diego Indoor Game when he was upset by Chris Papanicolaou of Greece.

Young Tim Danielson of San Diego State, one of only three high school milers ever to run under four minutes, has also sent in his entry.

The runners will be competing on a brand new board track that is reputed to be one of the world's fastest. It is patterned after the uniquely banked Albuquerque course where several world records have been established.

Danielson, as a prep at Chula Vista High, became the second schoolboy to run the four laps under four minutes. It was in the San Diego Invitational.

Tim raced well in the San Diego Invitational again in 1967 and he is looking forward to a big year in 1968 and is optimistic about his chances to flag down a spot in the 1500-meters at Mexico City.

Danielson is now at San Diego State, but running for the San Diego Track Club because of ineligibility due to a transfer from Brigham Young.

Olympic Greats To Enter Games At Diego Arena

The only Americans in Olympic Games history ever to win the long-distance races — San Diego's Billy Mills and Bob Schul — have sent in entry blanks for the second annual San Diego Indoor Games.

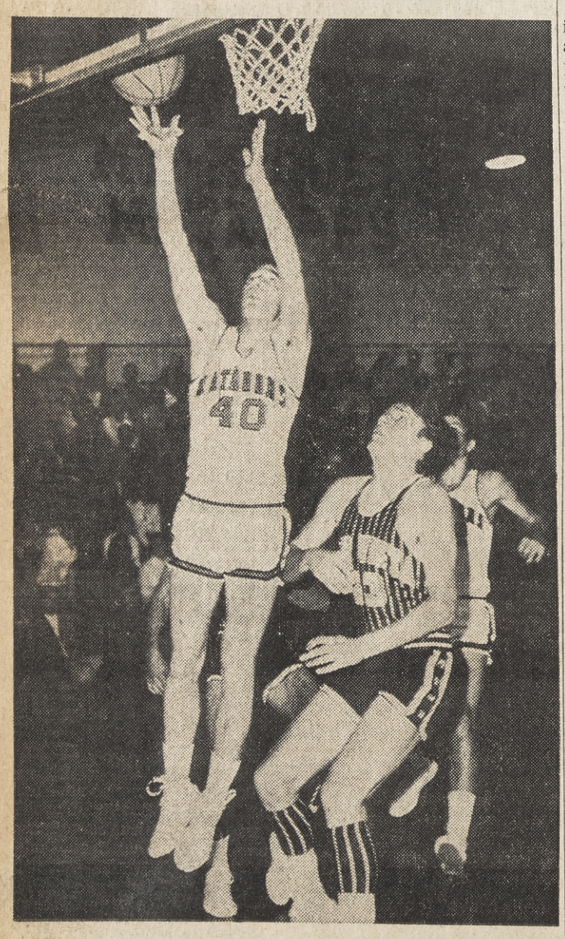
The meet will be held Feb. 3 over the brand new boards at the San Diego Sports Arena.

Mills is the only American ever to win the 10,000 meters in Olympic annals, while Schul holds a similar honored position as the only Yank ever to grab the gold medal in the 5000.

Both Mills and Schul are on the comeback trail with plans to defend their medals at the Mexico City Olympiad in October. They'll match strides in what should be a tremendous two mile in the San Diego Indoor Games.

Mills ranks as one of the longest shots ever to win a gold medal as he came out of oblivion to become one of the heroes of the 1964 Games at Tokyo. Schul was well-known but he wasn't supposed to beat the likes of France's famed Michel Jazy. But he did and thereby achieved the honor all trackmen want.

Mills, now a San Diego insurance executive, has been training well. He knocked off a practice 8:35 two mile recently, fastest of his areer. Schul also reports his conditioning is coming along well and that he's optimistic he'll be able to regain his old form.



LITTLE GUY PREVAILS: Mt Miguel's 6-foot guard Ken Greenman (40) get the inside position on Mar Vista's 6-6 center Wolf Weichert (43) to score another basket in the Matador victory over the visiting Mariners.

In San Diego County

Dimes Drive Mobilizing for 30th Anniversary Month; Women Sought for Mother's March

"The March of Dimes is mobilizing for its 30th anniversary campaign to fight birth defects.

"In January we will need all our friends and neighbors to serve as volunteers in various tasks, including enlistment in the Mothers' March when our townspeople are called upon in their home to contribute," councilman Floyd Morrow said.

"Each year birth defects strike more than 250,000 newborns in the United States," said the chairman of San Diego County. "The problem of birth defects has always been greater than people realized. They are the greatest childhood medical problem in the United States today. Birth defects disable 1,375,000 children under the age of six.

"The March of Dimes conducts intensive programs of public education because it knows that an enlightened public will demand action against birth defects — our nation's second greatest destroyer of life."

Special emphasis this year is on the March of Dimes prenatal care program which stresses that baby care should start as soon as a woman knows she is pregnant, Morrow declared.

"But these goals are dependent upon getting enough volunteers for our local March of Dimes," Morrow added.

The drive will begin Jan. 1 and conclude with the annual Mothers' March on Jan. 31.

Women willing to enlist in the March of Dimes fight against birth defects are asked to step forward.

"We need volunteers in San Diego County to call on their neighbors during Mothers' March," Mrs. Walter Schirra, co-chairman of the 1968 Mothers' March, said.

Mrs. Schirra, who resides at 3601 Lotus dr., San Diego, shares the chairmanship with Mrs. Bentley Buck of 4123 Chamoune ave., San Diego.

"We feel strongly that no woman's time could be invested in a worthier cause," Mrs. Schirra, mother of the famed astronaut, added. "Even as litle as one or two hours a day can be immeasurably useful during the March of Dimes 30th anniversary drive.

"The National Foundation-March of Dimes has been fighting crippling disease for 30 years. It has conquered polio and looks forward to an even greater victory over birth defects," she declared.

Mrs. Buck noted that, "every year birth defects claim the lives of 18,000 children before they reach their first birthday. Three out of five children with birth defects who survive their second birthday require specilized medical, educational or custodial care.

"For these the March of Dimes supports coordinated treatment through its nationwide network of nearly 100 Birth Defects Research and Treatment Centers."

Mrs. Schirra reminded that the March of Dimes program also provides public education programs about birth defects and seeks to focus increasing public attention on the need for adequate prenatal care for expectant mothers. In this field the voluntary health organization hopes to make a telling mark.

"To attain these goals, we need volunteers," Mrs. Schirra said. "You can help us save unborn children. We need you. Please call us."

Monarchs Cop Warm-up Tilt

Monte Vista warmed up for it's Grossmont League opener against Mt. Miguel, which was played Tuesday night, by downing Metro League five Coronado, 65-52, last Friday night on the Monarch floor.

Guards Roger Landis and Jim Peterson shot the Monarchs out in front in the first half, 33-25, and the Monte Vista quintet held on for the easy victory.

Landis and Peterson each tallied six points during the second quarter sruge, while Peterson added six more in the final period to thwart a Coronado press. The Monarchs outscored the Islanders, 19-12, in the final eight minutes.

Four Monte Vista cagers reached the double figure mark, with Peterson and Gary Gregson leading the scoring with 13-point evenings, followed closely by Landis and Larry Jones with 12 points each.

Registration Sat. For Little League

The Lemon Grove Little League will hold registration Saturday morning at 9 a.m., at Lemon Grove Little League Field.

Additional registrations will be held on the last two Saturdays of January and first Saturday of February, at the field.

Tryouts will also take place on these dates.

For further information call league president, Jack Simmons, 469-6730.

A drouth is the worst foe of ducks and geese.

Grossmont Music Dept. To Host Winter Concert

The Grossmont College Department of Music will present its Annual Winter Concert at 3 p.m., Sunday in the Student Center.

The program will open with the 45-member College Concert Band, under the direction of Charles MacLeod, playing the "Peter Schmoll Overture" by Weber-Smith. The Concert Band will also perform the "Coronation Scene From Boris Godunov" by Moussorgsky-Buehlman, "Concerto Grosso, opus. 6, No. 3 for Clarinet Choir" by Corelli-MacLeod, "Spectrum" by Bielawa, and Washburn's "Burlesk for Band." "Spectrum," a piece for band and tape recorder and featuring unusual sounds, will be performed for the first time in San Diego County.

The program will continue with five selections by the College Concert Choir under the direction of Music Department Chairman Carroll Reed. The 55-member choir will sing "Let thy Holy Prescence" by P. Tschesnokoff, "Ave Verum Corpus" by William Byrd, "Magnificat" by Andrea Gabrielli, "Ave Maria" by Anton Bruckner, and "Little Innocent Lamb," a Negro spiritual.

Carroll Reed will also direct the College Vocal Ensemble as they sing "I Have Longed For thy Saving Health" by William Bryd, "Nunc Dimittis" by A. Gretchaninof, "O Magnum Mysterium" by Thomas Luis de Victoria, "The Carol of the Birds" a traditional Spanish song, and "The Cherry Tree Carol" a Kentucky mountain ballad.

The program will conclude with the College Community Orchestra conducted by Dr. Robert Emile performing "May Night" by N. Rimsky-Korsakov, "Romance" by J. S. Svendsen, and three movements of "Sigurd Jorsalfar" by Edward Grieg. Svendsen's "Romance" will feature a solo by Violinist Alfiere Pierno. Pierno, a principal violinist with the San Diego Symphony, has enjoyed a long career as a professional musician. In addition to performing with the San Diego Symphony, he serves as a teaching assistant and concert master with the Grossmont College Community Orchestra.

The public is invited to attend this Sunday afternoon concert. There is no admission charge.

Honor Society Installation Wednesday Eve

Officers of two newly established local chapters of Delta Kappa Gamma will take office next Wednesday at 7 p.m. in Porter Hall, La Mesa.

Formal installation ceremonies for the new officers of Eta Theta and Eta Iota chapters of the international honor society for women educators are sponsored by Gamma Chi Chapter. Following ceremonies, members of all three groups will hear Dr. Amorita Treganza of Lemon Grove speak about visually handicapped children.

New officers of Eta Theta Chapter are as follows: Grace Boyer, president; Joan Boeman, first vice-president; Joanne Julian, second vice-president; Martha Ashworth, treasurer; Eleanor O'Donnell, recording secretary; and Lois Honeywell, corresponding secretary.

Eta Iota officers include Charmon Lehew, president; Lauralee Chamberlin, first vice-president; Ruth Coover, second vice-president; Joy Crane, treasurer; Dorothy Hodgson, recording secretary; and Shirely Rhodes, corresponding secretary.

Helen Stinnet, Gamma Chí president, will preside over the ceremonies and will be assisted by present officers of that chapter. Hostesses are Emma Tait, Eva Quicksall, Dorothy Smith, Eckoe Ahern. Ann Matthews, will also assist with the program.

Number of Events Slated in La Mesa

La Mesa Recreation Department is sponsoring a five week series of intermediate bridge lessons starting next Thursday at 9:30 a.m. at the La Mesa Adult Center, 8450 La Mesa blvd.

A Driver Improvement Clinic conducted by Lloyd Donahoo will start a new series on Thursday, February 1 at 3:30 p.m. in the La Mesa Adult Center.

La Mesa Recreation Department Seniors are taking a bus trip to the Japanese Deer Park, Wax Museum, Palace of Livining Arts, Arnolds Farm and Independence Hall at Knott's Berry Farm on Thursday, January 25. The bus will leave Porter Park at 8:30 a.m.

La Mesa Rec. Sets Program

Instruction in many recreational fields — from dancing to baseball — will be available as the La Mesa Recreation Department's program begins its second semester. New students will be accepted at this time and re-registration will be required for current students.

Dance classes in tap, acrobatics, ballet, modern & hula will again be presented. Instruction will also be available in baton, gymnastics, wrestling, tennis, rod & reel, maionettes, pre-school, charm & modeling, square dance and drama. Although archery will not be taught in the spring semester, a new class for boys — baseball fundamentals will begin.

Second Semester instruction begins the week of January 29 and continues until May 11. Registration will be held at the La Mesa Recreation-Park Department, 8440 University ave. the week of January 22 from 9 a.m. to 4:30 p.m. daily. For most classes, a fee of $2 for La Mesa residents and $4 for non-residents will be charged.

For further information and a complete listing of activities, contact the La Mesa Recreation-Park Department, 469-4128.

Adult Classes Set

Registration is now being conducted for Southeast Adult School, with educational counseling centers located at 6905 Skyline dr., and 49th and Imperial ave.

Among the classes being offered are typing, English, food preparation, mathmetics, and electronics assembly.

Highlanders Down Grossmont; Host Monte Vista Tomorrow

Helix High, the only basketball team in the Grossmont League other than Mt. Miguel to finish with a winning record in non-league play, carried that trend into their league opener Tuesday night, defeating Grossmont, 78-54.

Considered the only roadblock between Mt. Miguel's bid for a perfect Grossmont League season, the Highlanders showed their form against an out-manned Grossmont quintet, outscoring the Foothillers in every quarter.

Helix took an early 20-12 first quarter lead and upped the advantage to 14 points at halftime, 36-22, as Paul Drozd and a trio of sharpshooting guards proved too much for the Foothillers.

A 28-point third period sealed the victory for the Highlanders, winners of eight of 14 non-league encounters, before topping Grossmont in the circuit opener.

Drozd was leading point producer in the game with a 24-point performance, while three guards provided plenty of scoring support for the talented Highlander forward.

Ray Gayhart added 14 markers for the winners, while Bob Kellison and Bruce Menser accounted for 12 and 11 points, respectively. Drozd also was aided under the basket in the rebounding department by the board work of Bruce Walton.

The Highlanders will try to make it two straight league wins tomorrow night as they return home to entertain Monte Vista for an 8 p.m. clash.

Miguel Tops Mariners In Non-League Finale

Mt. Miguel's basketball forces held a 32-minute basketball drill in their own gym last Friday night, with a visiting Mar Vista quintet presenting as little opposition as possible to the high-flying Matadors.

Coach Dick Ridgway's five warmed up for their Grossmont League opener against Monte Vista last Tuesday by swamping the hapless Mariners of the Metro League, 104-33, with all 11 members of the varsity getting into the act.

Spoiling a first half stalling effort by the Mariners, Mt. Miguel's fierce full-court pressing tactics netted the Matador's an 18-4 first quarter advantage. They increased the margin to 42-16 at halftime and added a pair of 31-point quarters in the third and fourth periods.

Miguel used the full-court press the entire contest, with the reserves producing as well as the highly-regarded regulars.

Ten of the 11 men utilized by the Matadors reached the scoring column, with left-handed sharpshooter Blake Mathews leading the attack with a 23-point performance. Closely behind the Miguel guard in point-producing was forward Mike Ela, whose short jump shots in the key netted 21 markers for the Spring Valley five.

Two other Matadors reached double figures in the rout, with flashy guard Ken Greenman tallying 18 points, and towering center Ken Barstow adding 13 more, including five buckets underneath against the Mariner's bruising center, Wolf Weichert, a 6-6 shotputter, who blocks shots like a volleyball spiker.

Barstow continually manuevered into position to take a number of key rebounds away from the muscular Weichert and he forced his Mar Vista opponent to shoot from the outside. Weichert managed just 13 points for the losers, the only Mariner to hit double figures.

Miguel completed non-league action with a perfect 13-0 record, including two holiday tournament championships.

Davies Misses Near Perfect Game at Golden Bowl Lanes

The latter part of December saw a nearly perfect game bowled at Golden Bowl, when John Davies of the Businessmen's Double League posted a 298. He had 11 strikes and then left the 6 and 9 balls in the 12th frame.

Golden Bowl again is stressing Blue Chip and Moonlight Bowling. For full information phone 463-9344.

Standings

Here are some league standings as of Monday, Jan. 7:

Paws and Squaws: Rinky Dinks, first, with 37 wins, 23 losses; Central Meat and Rat Finks, tied for second, with 36½ wins, 23½ losses; The Fearsome Four, third, with 30 wins, 30 losses.

Gold Fingers: A three-way tie for first, between Team No. 2, Team No. 5 and Team No. 4, with 4 wins, no losses; and a three-way tie for second and last, between Teams No. 1, 6 and 3, with no wins, 4 losses.

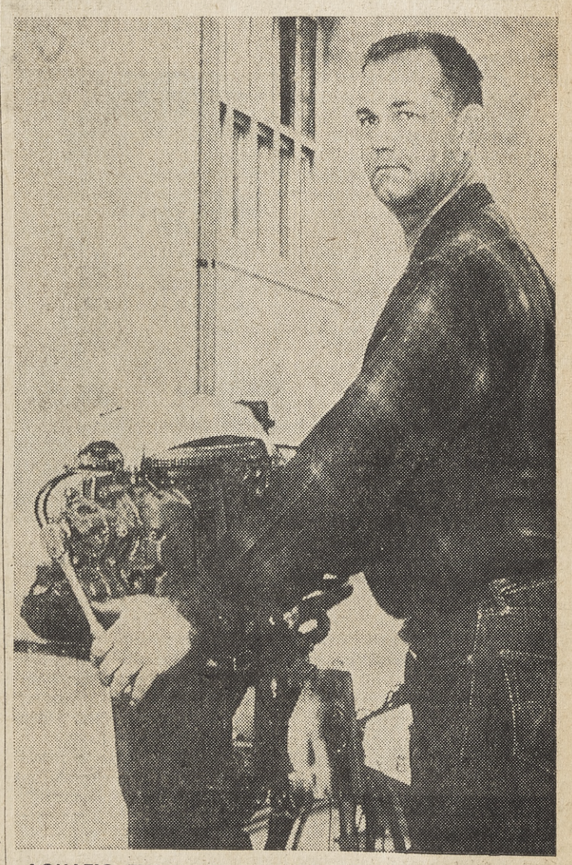
Trailblazers: Trailers in first, with 44 wins, 23 losses; Paso Fino's and Ez-Marks, tied for second, with 41 wins, 27 losses; Late Starters, third, with 38½ wins, 29½ losses.

Golden Nuggets: Penny's Hairstyling, first, with 39½ wins, 24½ losses; The Cascades, second, with 38 wins, 26 losses; Co-mpas, third, with 37½ wins, 26½ losses.

Mixed Sports: Hi-Fliers, first, with 43½ wins, 12½ losses; Claim Jumpers, second, with 39 wins, 17 losses; Sauer's Egg Ranch, third, 33 wins, 23 losses.

Valley Trio: Streamliners, first, with 37 wins, 7 losses; Here-Tiz, second, with 24 wins, 20 losses; Team No. 7, third, with 22 wins, 22 losses.

His and Hers: Pin Busters, first, with 44½ wins, 15½ losses; The Bushwackers, second, with 41 wins, 19 losses.



AQUATIC ENGINEER: Earl Roberts, co-owner of Ned's Outboard Repair, makes some adjustments on this water-going motor at the new shop's location at 7360 Broadway ave., Lemon Grove.
The new firm specializes in complete repair and maintenance service for outboard motors and has used motors for sale. The business opened in Lemon Grove two weeks ago.

Meeting Tonight For Golden PTA

Golden Avenue School PTA will hold it's monthly meeting tonight in the school cafetorium at 7:30 p.m.

After the business meeting, the program will be presented by Dr. Ramon Ross. The topic will be "To See Ourselves as Others See Us." A panel made up of students, parents and teachers will be taking a look at questions like:

1. What are the things we do at home and school that I like most?
2. What are the things we do at home and school that I like least?

After the panel discussion, there will be small group discussions.

Extensive surveys have been done among the students at the school. They have some answers ready for group discussion.

Hostesses for the evening will be the mothers from the third grade class of Miss Brotzman and Mrs. Worthington. Child care will be provided. The next Golden Avenue PTA executive board meeting will be January 30 at the home of Dr. Lauritzen.

Chamber Fetes Light Winners

The Lemon Grove Chamber of Commerce awarded plaques Tuesday to the winners of its annual lighting contest. The winners, H. D. McCray, C. C. Dally, E. Burgard and D. L. Mueller, were given awards by project chairman Frank Shughrue, and Ken Ware, of S.D. Gas and Electric, donor of the sweepstakes plaque.

The winners and their spouses were guests of the Chamber at the regular monthly meeting at El Morocco.

The Chamber viewed the traffic problem on Broadway and president Bob Browne appointed a committee to draft a list of the problem areas.

The board approved a membership of the U.S. Chamber of Commerce for $50, and approved the minimum school tax rate on which an election will be held Feb. 6.

One dissenting vote on the school election was that of Postmaster F. Faucher. He later explained that the State would be forced to accept its responsibility on education costs if such issues were defeated. He pointed out that the Legislature had indicated that property owners would be given tax relief during the last general election.

A nominating committee was appointed to fill vacancies being created by expiring terms.

Grove Dentist Visits Frisco For Meeting

Dr. Roger L. Ballard, 3281 Olive st., Lemon Grove, is among those expected to attend the 72nd annual scientific meeting of the U.C. Dental Alumni Association in San Francisco, next Sunday and Monday. The sessions will be held in the Hilton Hotel and more than 1,500 are expected to participate.

Principal speakers include Dr. Maury Massler, professor of Pedodontics at the University of Illinois; Dr. Sigurd P. Ramfjord, professor of Periodontics at the University of Michigan; and Professor Paul R. Ehrlich, professor of Biological Sciences at Stanford University, who will be the speaker at the annual luncheon.

There will be a total of 22 papers and addresses and 39 table clinics at the meeting. A panel discussion on the effects the government will have on dentistry will be held on Monday.

The meeting is dedicated to Dr. Leland D. Jones, of San Diego, in recognition of his many services to the dental profession and to public health.

How do you own a stack of Savings Bonds when you're older?

Start young.

Start small, if you want to, but start steady. The important thing is to have a regular program of setting *something* aside every payday.

What's most important: it's never too early to begin.

You say that takes more will power than you can muster up on a regular basis? Then use the easy, automatic way: join the Payroll Savings Plan where you work.

This way your employer saves your money *for* you—puts it toward the purchase of a U. S. Savings Bond.

Pretty soon you won't even miss the money. In fact, you'll probably forget how fast your savings are growing.

Here's a for-instance: just $4.33 a week adds up to the $18.75 you need to buy a $25 Bond every month. That's $300, maturity value, a year. Not bad for a former spendthrift! What's more, those few dollars you're tucking away to grow will be working all the time to help keep our country strong and free.

So start now, start young, building up the savings that count so much later on. Join the Payroll Savings Plan before next payday.

ORDINANCE NO. 3161 (NEW SERIES)
AN ORDINANCE AMENDING ORDINANCE NO. 3106 (N.S.), ESTABLISHING INTERIM ZONING REGULATIONS FOR THE MONTA VISTA RANCH, JAMACHA AREA, BY ADDING CERTAIN TERRITORY TO THE AREA REGULATED.

The Board of Supervisors of the County of San Diego do ordain as follows:

Section 1. Ordinance No. 3106 (N.S.) was adopted August 15, 1967, and amended October 17, 1967, to establish interim zoning regulations for the Monte Vista Ranch, Jamacha area, and studies preparatory to regular zoning for this area have been started. It now appears that certain territory, previously deleted, should now be added to the area regulated by said ordinance. Therefore, after due notice and hearing pursuant to Section 65858 of the Government Code, this Board of Supervisors, in accordance with sound planning principles, has determined it to be necessary that certain territory be added to the area presently regulated by said ordinance.

Section 2. Section 2 of Ordinance No. 3106 (N.S.), as amended, is hereby amended to read as follows:

Section 2. The land and area subject to the regulations established by this Ordinance is situated in the unincorporated territory of the County of San Diego, State of California, and is particularly described as follows:

All that territory lying within the exterior boundary of Map Number 1512, "A Survey of Tract 'E' and a Portion of 'F', Jamacha Ranch", filed in the office of the County Recorder of San Diego County on December 26, 1912, excepting therefrom that portion lying easterly of the centerline of County Road Survey No. 632.

Section 3. This ordinance shall take effect and be in force thirty (30) days after the date of its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of members voting for and against the same, in the Spring Valley Bulletin, a newspaper of general circulation published in the County of San Diego.

PASSED, APPROVED, AND ADOPTED this 2nd day of January, 1968.

HENRY A. BONEY
Chairman of the Board of Supervisors of the County of San Diego, State of California

The above ordinance was adopted by the following vote:

Supervisor Frank A. Gibson — being absent and not voting
Supervisor Henry A. Boney — voting "Aye"
Supervisor Robert C. Dent — voting "Aye"
Supervisor De Graff Austin — voting "Aye"
Supervisor Robert C. Cozens — voting "Aye"

NOTICE OF PROPOSED CHANGE OF ZONE CLASSIFICATION

A public hearing will be held by the San Diego County Planning Commission in Room 310, San Diego County Administration Center, 1600 Pacific Highway, San Diego, California, on Friday, January 26, 1968, at 9:30 a.m., on a proposal to reclassify all or part of the hereinafter described property in the Lemon Grove Zoning District from C Business Zone, to C-2 Business Zone, or a more restrictive zone in accordance with the Zoning Ordinance of the County of San Diego.

Said property contains about 21,000 square feet, including an adjacent area to the south, and is located on the east side of Harris Street, commencing at a point about 120 feet north from its intersection with Broadway, and continuing north therefrom about 100 feet. Said property is rectangular in shape and its depth east from Harris Street is about 210 feet.

Said hearing will be held pursuant to the application of SOSTENES and FELICITAS M. GAMBOA on file in the office of said County Planning Commission, Room 207, County Administration Center, San Diego, to which reference is made for further detail. At said hearing any interested person may appear and be heard.

Moose Women Slate Party

The Lemon Grove Chapter of Women of the Moose "Friendship Committee" will hold a pot-luck supper and "Games Party" at the home of Olive Broderick, 2119 54th st., San Diego on Tuesday night at 7 p.m.

Women enrolled in the Women of the Moose on Tuesday, January 2 at the Lemon Grove Moose Lodge were Lorna House, Marion Chapman, Noreen Bentley and Dollie Bethard.

Mr. and Mrs. Leo Gersch will be hosts for the dance on Saturday. Dick Halligan will provide the music.

Breakfast will be served by the Legionnaires on Sunday, starting at 9:30 a.m. John Stewart, Governor, will be in charge. A joint meeting of the officers of the lodge and chapter will be held on Monday, at 8 p.m. Fish and steak dinner is served every Friday night from 6 to 9 p.m.

Exhibits in Diego

An exhibition of paintings and watercolor drawings by Robert Harvey, contemporary San Francisco artist, will be on view at the Fine Arts Gallery, Balboa Park, starting tomorrow and running through February 11.

EXPANDING DEPARTMENT: Jerry Lindo's overcrowded trophy shelf sports the many trophies which he has attained through victories in sand buggy competition. The two trophies on the bottom shelf were gained through triumphs in the Buttercup Valley eliminations over the holidays.

Lindo Leading Man

A Bug--gy Invasion in Spring Valley Reaps Rewards for Infested Drivers

Jerry Lindo, Spring Valley dune buggy driver, added two more trophies to his ever-increasing list with a victory in the top eliminator competition at Imperial Valley.

Lindo, of Arapaho st., manuevered his sand buggy to another triumph in the hill climb division of the top eliminator competition at Buttercup Valley, in what Lindo terms "the biggest buggy meet that he has ever competed in."

The Spring Valley resident's machine, affectionately named, The Roach, because of its spindly apearance, has provided him with many exciting moments and many close victories.

Some 18 trophies don the shelves in the contractor's home, all of them gained through victory on his highly-tuned machine.

The Roach sports six tires, four of them sand tires on the back of the machine. Also situated in the rear of the buggy is a 1900cc Proche engine which has powered his buggy to the many victories.

"I built the body of the machine up from scratch," stated Lindo. "The engine I lifted from a wrecked Porche and rebuilt to get a little more power."

"The special tires on the back are constructed especially for gripping into the sand," he added. "Actually the machine is called a sand buggy, but the popular name is the dune buggy."

Lindo stated that dune buggy competition has been going on in the area for about six years, with Lindo, himself, competing in the sport the last three.

"I think I started riding the sand buggy because it was a fun sport to me, a sport that I could get into and really enjoy, personally," Lindo appraised.

He added that the sport has been progressing over the years, becoming more and more organized each year. Lindo competes in competition at three other sites, Glamis, 20 miles east of Brawley, and the Hemet drag races. He also journeys for competition in the upper California area.

At Buttercup Valley in the Imperial Valley area two weeks ago, Lindo and the Roach won their division on the strength of the machine's climbing ability.

"In the hill climbing competition, you are judged on your ability to get as high up the hill as possible, with the ultimate goal to conquer the top of the hill," Lindo explained.

"Each time you go up the hill, the judge marks the spot where you stop, and as each driver makes his attempts and each mark is bettered, those drivers are eliminated," he added.

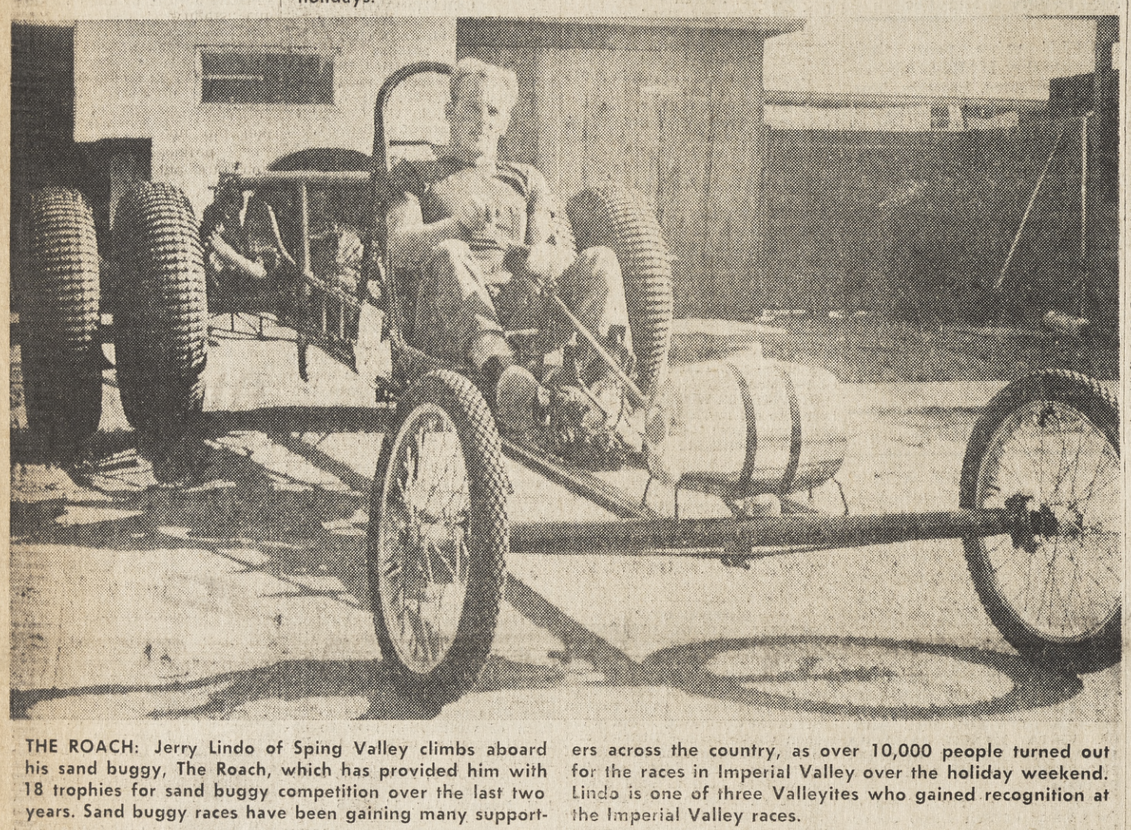
Lindo scaled the summit of the hill 14 times to gain the victory in what he termed "close competition".

Lindo is not the only driver in Spring Valley reaping success in sand buggy competition. Tommy Schacht and Mike Tacoma copped Buttercup Valley championships in the middle eliminator and little eliminator competition, respectively.

It was reported that a crowd of eight to ten thousand people had gathered for the holiday weekend events, with between 800 to 1000 buggies competing in the championships.

"I know it was the biggest event I have ever been in," stated Lindo. "We had some buggies come from as far away as Rhode Island."

The sport must really be sticking if it attracts competitors from desert-less Rhode Island. With the beaches the only place for them to practice, swimmers had better beware. It could be a roach invasion. And your everyday insecticides will leave you defenseless against the bug--gies.



THE ROACH: Jerry Lindo of Sping Valley climbs aboard his sand buggy, The Roach, which has provided him with 18 trophies for sand buggy competition over the last two years. Sand buggy races have been gaining many supporters across the country, as over 10,000 people turned out for the races in Imperial Valley over the holiday weekend. Lindo is one of three Valleyites who gained recognition at the Imperial Valley races.

School Board Views Tax Vote Material

The Lemon Grove school board saw a preview of material to be shown on projectors supporting the minimum tax election scheduled for this district, Feb. 7.

The material, comprising a dozen transparencies, reveals that services, equipment and material equivalent to one of Lemon Grove's elementary schools is at stake.

Teacher Bob Offord, who prepared the material for the Citizens Committee for Schools emphasized that the election was not a bond issue although a two-thirds majority is required to pass it. It was also pointed out that added taxes is not at issue either — just a continuation of a tax level approved in previous years by voters. If successful, the present rate would be extended for five years at which time approval would again be required.

In other business, the board decided to take no action on bills for $32,000 for special classes for handicapped youngsters. The district was billed by outside jurisdiction but the State normally picks up the tab. One item, $5,309 for instruction for two aurally deaf youngsters for one year, was viewed with interest. The bills, as usual, were referred to the State.

Dear Editor:

I want to take this opportunity to thank you most sincerely for the splendid recognition you have given to Angels Unaware during the past year.

Your front page spread on the occasion of our Open House in November was particularly well done and certainly most appreciated.

The editorial you did last week on our happy relationship with the men of the U.S.S. Chicago was a most thoughtful statement of the concern which the CHICAGOMEN have for the children at Angels Unaware. (Did you know that they sent us a check for $1100 last week?)

I was delighted to learn just recently that you were personally responsible for introducing the CHICAGOMEN to Angels Unaware. A million thanks for thatd

Your support of Angels Unaware points up only one small part of your total interest in your community. This interest, we all recognize, extends to all youth activities including your constant and constructive support of the public schools.

Yours for another happy and successful New Year.

Sincerely,
Wm. A. Thomas, president Angels Unaware

Lawyer's Wife Wins Airwings

Martie Smart, wife of Attorney W. Earl Smart of Lemon Grove, won her flying wings Tuesday.

She solo'd her plane under the watchful eye of Verne Weaver, instructor at Customaire, Gillespie Field.

Attorney Smart served as a bomber pilot during WWII and is a Lt. Col. in the Air Force Reserve.

"She was tired of being a 'marital co-pilot' and decided to fly on her own," Col. Smart said.

Mrs. Smart is secretary in her husband's office. The office is at 7810 Broadway, Lemon Grove.

Spring Valley Kiwanis Group Announces 1968 Candidates

Bob Divine, president of the Spring Valley Kiwanis Club, this week announced the following committees for 1968:

Youth Services, with junior past president Verne Watts, as general chairman, and including Ted Doughty and Hoyt Brown for Boys and Girls Work; Stew Taylor and Larry Coons for Circle K Clubs; Paul Yee and Earl Roland for Key Clubs; and Verne Watts and Glenn White for Vocational Guidance.

Citizenship Services, with Dr. Tom Webster as general chairman, includes Tom Webster and Elmer Lash for Agriculture and Conservation; Jim Martinez and Roy Williams for International Relations; Don Scott and Ben Moore for Public and Business Affairs; and Glenn Munyon for Support of Churches in Their Spiritual Aims.

Kiwanis Administration, with Frank Berger as general chairman, includes Verne Watts for Achievement; Glenn Darling and Ron Svalstad for Finance; Frank Berger for House and New Members; Alex Struthers for Inter-Club Relations and Fellowship; Chet Smith and Gil Buxton for Kiwanis Education and Attendance; Roy Williams for Laws and Regulations; Ron Svalstad for Membership Development, assisted by Frank Berger, Hoyt Brown, Gil Buxton, Larry Coons, Glenn Darling, Bob Divine, Ted Doughty, Darrell Gould, Burt Hodge, Elmer Lash, Lucius Lawton, Jim Martinez, Ben Moore, Glenn Munyon, Hugh Norris, Earl Roland, Frank Rose, Don Scott, Chet Smith, Paul Stevenson, Alex Struthers, Stewart Taylor, H. A. Thomas, Verne Watts, Tom Webster, Glenn White, Roy Williams and Paul Yee.

Other groups are Paul Yee for Program and Music; Hugh Norris and Tommy Thomas for Public Relations; Larry Coons, Bulletin Editor; and Paul Stevenson, Reception.

Spring Valley Kiwanis Club meets each Wednesday at 7 a.m. for breakfast, followed by the regular meeting, at Alfonso's Pizza Inn, Grand ave., Spring Valley.

Lue Barbour To Represent Hist. Group

The Spring Valley Historical Society, meeting Jan. 3, appointed president Lue Barbour to represent the Society at the 200th anniversary celebration of the founding of San Diego (1969).

The Society also granted permission to Boy Scout Troop 349 to continue landscaping around the old adobe building. And a committee was appointed to arrange for the safekeeping of a number of history books, which are to be donated to the Society by the Bancroft family.

It was reported that the folk singing program at Grossmont College in December, netted the S.V. Historical Society approximately $75.

The next regular meeting of the S.V. Historical Society will be Wednesday, Feb. 7 at 7:30 p.m., in the old adobe building, Memory ln. The meeting will be open to the public and all persons interested in local history are encouraged to attend.

S. Valley Fire Dept. Reports Light Activity

The Spring Valley Fire Department had a "light week" for Jan. 1-6, with two fire calls and three ambulance runs.

The two fire calls were on Jan. 1. The first was along the new 94 freeway, east of Bancroft dr., where someone had thrown a burning mattress out of either a trailer or a camper. No damage was reported. The second fire was near the Bancroft Baptist Church, where two boys were playing with fire from an unattended trash pile.

Russell Flory, 46, of 1200 Grand ave., was given first aid for lacerations of the chin, after he was in an auto accident at Sweetwater and Ildica st. on Jan. 1.

Mrs. Olive Branch, 98, of 8625 Lamar st., was taken to El Cajon Valley Hospital on Jan. 2, due to illness.

Mrs. G. E. Keltenbach, 93, of 9902 Jamacha blvd., Space 160, was taken to Heartland Hospital on Jan. 4, due to illness.

Weather

Rainfall for the week was reported as .08 of an inch. The highest temperature was 69 degrees on Jan. 4. The lowest was 31 on Jan. 8.

Mount Blanc is the highest of peaks in the Alps, being 15,781 feet high.
